Dear Parents and Students,

I am very excited and pleased to welcome you to another school year! I am looking forward to meeting everyone and getting to personally know each and every student.

During the school year, we will be emphasizing Writing, Math Problem Solving, and Language Arts. We would greatly appreciate your help with reinforcing these skills at home.

The faculty and support staff at Centerville-Abington Elementary are looking forward to an exciting, eventful, and educationally rewarding school year. By parents, faculty and support staff, and students cooperating, we will meet the needs of our students. If questions or concerns should arise, please communicate with your child's teacher. Should the problem persist, immediately contact the asst. principal, Mr. Stevenson, or myself. The proper chain of command is vitally important. Throughout the year you will be notified of any successes or problems your child encounters. Again, through cooperation and communication we will have a successful school year!

Sincerely,

What do I do if...

1. **...I am absent?**
Have your parent call or email the school by 9:00 am on the day you are absent or bring a note explaining the reason for your absence when you return to school.
2. **...I am late to school?**
Your parents need to come into the office and sign you in before you go to your classroom. If you were at an appointment, please bring a note from you doctor, dentist, etc.
3. **...I forget my lunch or I do not have lunch money?**
Ask a teacher or the office if you can use a phone to contact someone.
4. **...I forget my school supplies or homework?**
Explain your problem to your teacher. If your teacher gives you permission, you may call home. If not, they will help you find supplies and/or turn your homework in on the following day if approved.
5. **...a student threatens me or tries to start a fight?**
You need to report this to an adult immediately. Your teacher, counselor, principal, bus driver, or parents will help you.
6. **...I have trouble on the bus?**
Report your problem to your bus driver first. If the bus driver cannot help you, then contact your teacher.
7. **...Someone is not here to pick me up after school?**
You have to understand that people sometimes run late. Wait patiently for 10 minutes. If no one has arrived to pick you up, come to the office and ask for help.
8. **...I have party invitations to hand out?**
In order to avoid hurt feelings, party invitations can only be handed out at school if they include every child in the class.

Immediately contact your teacher to let him/her know what is going on. Your teacher will contact the school counselor or principal for more help.
10. **...I miss the bus?**
Before school: Have someone call the school and let them know that you will be late. You will need to find another way to get to school. After school: Find a school employee or go to the office as soon as possible.

-Especially for Parents-

What do I do if...

1. **...I want to become involved with school activities?**

All volunteers will be required to complete the application for Criminal History Check. Parental involvement is an essential component to a successful school. The Centerville School Corporation has many opportunities for parent involvement. Your involvement as a room parent, PTO volunteer, classroom volunteer can have a very positive impact on the importance your child places on the value of school.

2. **...I want a conference with the teacher?**

On the spot Parent/Teacher conferences cannot be honored. Teachers are responsible for the supervision of students, and their days are tightly scheduled. Please contact the teacher to request an appointment. Watch for information about Parent-Teacher Conferences in October.

3. **...there is a change in the after school routine?**

Centerville-Abington Elementary Schools serve approximately 500 students daily. It is not uncommon to have almost 50 telephone calls between 1:30-2:30 daily citing changes in after school routines. We request that if you must call, do so before 1:30 p.m. Also, if there is a change with bus transportation, we must have parent/guardian written notification. **If we have not received notification from you about change in routine, your student will be expected to follow his/her regular school dismissal routine.**

4. **...I want to pick up my child early?**

All children will remain in the classroom until a parent enters the CAE office and signs the child out, at which point the child will be called to the office - ***NO CHILD WILL BE CALLED OUT OF CLASS PRIOR TO A PARENT ARRIVAL!!***

5. **...I want to come inside to pick up my child as opposed to waiting in the parking lot?**

The official school dismissal time is 3:00. Classes are in session until this time. If you are coming inside to pick up your child, ***please wait by the entrance for dismissal. Parents who wait by classroom doors create distractions for students and teachers.***

6. **...I am late picking up my child from school?**

If students are not picked up from school in a timely manner and no one can be reached to pick them up, they may be sent to CARES at the parents' expense. If the problem continues, the school may call Department of Child Services or the local police for assistance.

7. **...my student has an appointment during school hours?**

Advanced notice of student appointments is greatly appreciated. We realize appointments have to be scheduled in advance with professional offices. Please avoid scheduling appointments during standardized testing. Remember that no child will be called out of class until the parent enters the CAE office and signs the child out.

8. **...my students are going on vacation during school time?**

Be sure to read about ABSENCES on page 12 to find out what is excused and unexcused.

- (3) the student is in another similar situation.

ABSENCE

Absence is one of the main reasons for poor schoolwork and possible retention. Parents are cautioned that just because the school is notified of the absence, it is not automatically an excused absence. A student who misses 14 or more days in one school year may be subject to retention.

Chronic Absenteeism: Chronic absenteeism is defined as being absent from school for ten percent (18 days) or more of a school year for any reason. (I.C.20-20-8-8(18)). Chronic absenteeism includes excused and unexcused absences.

Exempt Absences: Exceptions to compulsory attendance that shall be recognized by Centerville-Abington Elementary as provided by state statute are:

Participating in an educationally related non-classroom activity which is consistent with and promotes educational philosophy and goals of the school corporation, facilitates the attainment of specific educational objectives, is part of the goals and objectives of an approved course or curriculum, represents a unique educational opportunity, cannot reasonably occur without interrupting the school day, and is approved in advance by the school principal (I.C.20-33-2-17.5).

Participating in the Indiana State Fair for not more than five (5) days if the student or a member of the student's household has an exhibit at the Indiana State Fair for educational purposes. The student must be in good academic standing (I.C.20-33-2-17.7).

Excused Absences: Student illness, medical, dental, legal, and counseling appointments, quarantine, attendance at special church services (by arrangement), and death in the immediate family are excused absences.

A medical excuse is required upon the student's return to school after 3 or more continuous absences.

Unexcused Absences: Car trouble, late ride, missing the bus, oversleeping, baby-sitting, staying home to complete homework and similar circumstances, leaving school early for vacation, travel with parents, truancy, failure of a parent to call or send a note within 2 days after the student's absence, and after the 10th excused absence, if a doctor's note is not provided to the school.

Students leaving early for vacation or taking a vacation with parents during normal school days is not an excused absence.

On the first day (and each subsequent day) of a student's absence, the parent or guardian should call the school (RH: 966-3911), (CAE: 855-5132) or email the school secretary to report the absence. If the school is notified by phone, a written excuse is not required. However, if the school is not called, a student must bring a written excuse from the parent or guardians within 2 days of his/her return. The following information should be on the note: **1. Student name 2.date(s) 3.reason for absence 4.parent or guardian's signature.**

When a student has an excused absence, he/she may make up any of the work without penalty. If you would like to pick up your child's homework during a period of absence, please call the office early in the day and plan to pick up the work after school. Teachers will not be interrupted to get make-up work. It is unreasonable to ask a teacher to prepare assignments and gather books on 10 minutes notice. **In**

the case of an unexcused absence, credit will not be given for work missed. A student who is absent only one day can get make-up work when he/she returns to school. A student has the same number of days to complete make-up work as days absent

We, here at Centerville-Abington Schools, assume that a student who is unable to attend school because of illness will also be unable to attend or participate in any extra curricular activities later the same day.

Excessive absence generally results in poor attitude towards school, poor study habits, and failure to complete required assignments.

With the above thoughts in mind: Your child will be allowed only 10 excused absences for the school year. A letter will be sent to the child's parent/guardian after 5 excused absences and after the 10th excused absence.

After your child's 10th excused absence, all other absences will be unexcused absences unless a doctor's note stating that the child cannot attend school because of their illness or condition is provided to the school. **If you feel your child's physician cannot verify that an existing medical condition or illness exists, then you need to be aware of the following consequences for future excused absences:**

1. After the tenth excused absence, a medical note **must be provided by your doctor within 2 days of a student's return to school.** Failure to supply a doctor's note will result in an **unexcused absence.**
2. All future call-in absences (after 10 excused days) will be noted, but will be listed in the computer as **unexcused.** If a doctor's note is provided upon the student's return, the absence(s) will be changed to excused.
3. After your child's 2nd and 5th unexcused absence, a letter will be sent to the child's parent/guardian informing them of the state of Indiana's laws against student truancy. After your child's 5th unexcused absence, a letter will also be sent to the Wayne County Prosecuting Attorney.

Indiana law states:

The Indiana Compulsory School Attendance Law and the Indiana State Family and Juvenile Law (I.C. 20-33-2-28, I.C. 20-33-2-18, and I.C. 35-46-1-4) require that students attend school regularly. Families who experience problems with school attendance may face:

- The educational loss the student experiences.
- Revoking of drivers' license and/or permits.
- Possible prosecution of the parent and/ or child.
- Fines up to \$10,000.
- Jail time up to three (3) years.

Please work with us to avoid consequences by contacting your child's school when there is an absence.

HALF DAY DEFINITION

Daily attendance is divided into two half days. Any student missing 2 hours of the school day would be considered a half day of absence, unless a doctor's note is provided. However, if a student is taken out of school before 10:00 and does not return to school that day, it will be considered a full day of absence. If a doctor's note is provided, it will be considered excused. We would encourage parents to schedule appointments after 3:00 or for school breaks.

REQUEST FOR HOMEWORK

Students absent for only 1 day will receive missed work on the day they return. Students missing more than 1 day and wishing to make-up work need parents to notify the school by 9:00 A.M. to have work prepared for pick up at the office at 3:00 P.M. or after.

STUDENTS ARRIVING AND LEAVING SCHOOL

In the interest of safety and liability for students, Centerville-Abington Community School's require that students be signed in and out during the school day. Students who arrive late due to appointments or other circumstances must be signed in at the school office. Also, students who need to leave school early must be signed out by an adult and signed in when they return. The corporation realizes that the policy may be somewhat inconvenient, but is worthwhile when compared to the grief and agony a missing child would cause. Parent cooperation is appreciated.

ACADEMIC PROBATION

A student who receives any grade below a C- on a report card will be placed on ACADEMIC PROBATION. That student will remain on ACADEMIC PROBATION until a new report card is issued. Students assigned ACADEMIC PROBATION will be denied participation in school-sponsored clubs or teams. This includes try-outs as well. This does NOT include school skates, carnivals, family nights, monthly clubs that meet throughout the year (i.e. History Club, Math Club, Green Club, etc.).

APPEAL PROCESS

A parent may request an appeal process with the teacher and principal if student has shown a lot of improvement since report card grades were last given. If student is granted an appeal and makes the team, he/she could be removed from the team when the 2nd nine week report card comes out and grades are below a C-. All students who receive grades below a C- on the report card will be removed from team sports (no longer will the student be allowed to attend practices or sit on the bench with the team).

ACCIDENTS

Each and every accident in the school building, on the school campus, at school sponsored activities, during activities held in the buildings by rental groups, or at any school activities held away from the school must be reported immediately to school personnel sponsoring the activity. Accidents at P.T.O. functions should likewise be reported to the school principal even if no school personnel are in attendance. All accidents are to be reported on a corporation form that will be reviewed by the school nurse and the building principal then filed with the Superintendent's office. If possible, all accident reports should be accompanied with witness reports. This is especially true for school activities held away from school and activities sponsored by the P.T.O.

ADVERTISING IN THE SCHOOL

Pupils, staff members, or the facilities of the school may not be used in any manner for advertising or promoting the interests of any community or non-school agency or organization without the approval of the Board of School Trustees. Exceptions to the above rule are: The superintendent of schools may cooperate in furthering the work of any non-profit, community wide social service agency provided such cooperation does not infringe on the school program or diminish the amount of time devoted to the school program.

The superintendent of schools may authorize the use of films and materials which simply bear the name of the producing company but which do not in any way involve a program or the presence of any agent in the classrooms.

ANIMALS IN CLASSROOMS

Live animals with the exception of fish in aquariums are only to be in the school for educational purposes. No live animal will be allowed to stay in a classroom longer than a semester or during an extended school break of more than two (2) days. At no time will animals considered dangerous be brought into the classrooms.

Service dogs are permitted on school buses and in classrooms to perform the functions for which they are trained. A dog's laminated identification card may be requested for verification.

When an animal is to be brought into a classroom a note will be sent home with the students of that class notifying the parents that an animal will be present. If known in advance this will be done at the beginning of the school year. Parents are to notify the teacher or principal if their student is allergic to the animal. Upon such notice, the principal will confer with the teacher and determine what options are available which may include changing to a different species with no allergy problems or not having an animal in the classroom. The school will not reveal the name of the student with allergy issues to the students or parents. If after an animal is brought into the classroom, the parent finds their student is allergic to the animal, the school will work with the parent and teacher to resolve the issue. If necessary, housekeeping will clean all surfaces in the classroom to remove any animal dander that may still cause an allergic reaction by the student.

Examples of educational purposes where animals would be in the classroom are:

- A. Animals used in health class to demonstrate different diets.
- B. Animals used in biology to show developmental changes or diversity.
- C. Eggs incubated to show development.

Examples of educational purposes where animals are in the classroom for one day or less:

- A. Pets/animals brought into the classroom to allow students exposure to a variety of species.
- B. Pets/animals used to demonstrate obedience training.

The principal, when requested by a teacher, has the authority to determine if it is appropriate to bring an animal into the classroom.

Cleaning: Cages shall be cleaned by the teacher in charge of the animal and not any student on a routine basis to avoid offensive odors or pest issues. Aquariums with fish are to be maintained by the teacher in charge of the aquarium including cleaning as needed.

When appropriate, teachers may allow students to handle and/or feed the animals.

USE OF ANIMALS IN CLASSROOM/SCHOOL PREMISES

The Board and administration support the idea that animals can provide a variety of productive learning experiences for students at almost every level. It is important, however, that the following guidelines be observed when instituting an activity or program involving the use of animals. Teachers are encouraged to contact such organizations as the State Veterinary Association, the National or State Wildlife Federation, etc. regarding resource materials and suggested learning activities that may be available to help students increase their understanding of the animal world.

It is important, however, that the following guidelines be observed when instituting an activity or program involving the use of animals.

- A. Students are to be instructed not to bring personal pets to school at any time without the approval of the principal.
- B. It is permissible for the class to have one (1) or more animals as classroom pets under the following conditions.
 - 1. The animal is not venomous or vicious.
 - 2. None of the children are allergic to the particular animal.

3. Proper examination/immunization has been done by a qualified veterinarian, as appropriate
4. Arrangements have been made for housing the animal safely, comfortably, cleanly, and in a manner that does not disrupt the classroom environment.
5. Arrangements have been made for the proper care of the animal when school is not in session.
6. Rules have been established regarding when and how the animal is to be treated by the students.
7. The principal has approved the plan.

C. When animals are to be brought into the school or classroom on an ad hoc basis as part of a lesson or series of lessons, all of the conditions stated above apply, and in addition, the teacher is to ensure the proper pick-up and return of the animal.

D. Whenever live animals are to be part of experiments, prior approval of the principal is required and such experiments must be conducted in a scientifically acceptable manner, which does not cause pain or harm to the animal.

The principal shall ensure that each of these guidelines have been followed properly.

ARTICLE 7

Special Education Services are provided for all children who are determined to be eligible. Specific State and Federal laws ensure these rights. For complete information, contact your building principal. Specific Law surrounding these: Title 511IAC Article 7, rules 316 or Public Law 94.142.

ASSEMBLIES

Assemblies are a regularly scheduled part of the curriculum and as such are designed to be educational, as well as, entertaining experiences. They provide one of the few opportunities in school to learn formal audience behavior. Regardless of the type of program, courtesy demands that the student body be respectful and appreciative. In live entertainment, unlike radio, television or movies, the performers are very conscious of their audience. Talking, whispering, whistling, stamping of feet and booing are discourteous. Yelling is appropriate only at pep assemblies. Disciplinary measures will be taken where students cause disruptions. No student shall be denied any convocation or assembly without the written authorization of the building principal.

BICYCLE RIDERS

The safety of your child is an important responsibility of both the home and the school. Many of these ride buses, some ride with parents and some walk. The confusion in the morning and at dismissal with the buses, automobiles and walkers make it extremely dangerous for bicycle riders. Therefore, it is necessary to observe the following rules:

1. Children in grades 3, 4, 5, and 6 will be allowed to ride bicycles to school.
2. Students eligible for bus service cannot ride their bicycles to school.
3. Eligible riders must have a bike helmet and must fill out the bicycle permit form and return it to the classroom teacher. It will then be forwarded to the principal's office for approval. Permits will be kept in the office. Students are not to ride bicycles to school until the permit has been approved.
4. Violation of any of the following safety rules may cause a rider to lose his/her privilege of riding to school.
 - A. Helmets should be worn at all times.
 - B. Bicycle riders must ride in the street on the same side as other traffic.
 - C. Riders must not ride double.
 - D. Riders must obey all stop signs and traffic rules.
 - E. All bicycles must be parked in the bicycle rack and locked.
 - F. No one is to ride their bicycle on the sidewalk to the school.
 - G. Bicycles will be walked until off campus.

BULLYING

1. Bullying committed by students toward other students is strictly prohibited. Engaging in bullying conduct described in this rule by use of data or computer software that is accessed through any computer, any computer system, or any computer network is also prohibited.
2. For purposes of this rule, bullying is defined as overt, unwanted, repeated acts or gestures, including verbal or written communications or images transmitted in any manner including electronically or digitally, physical acts committed, aggression, or any other similar behaviors that are committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate, or harm the targeted student and create for the targeted student an objectively hostile school environment that:
 - places the targeted student in reasonable fear of harm to the targeted student's person or property;
 - has a substantially detrimental effect on the targeted student's physical or mental health;
 - has the effect of substantially interfering with the student's ability to participate in or benefit from the services, activities, and privileges provided by the school.
3. This rule may be applied regardless of the physical location of the bullying behavior when a student committing bullying behavior and the targeted student attend a school within the school corporation and disciplinary action is reasonably necessary to avoid substantial interference with school discipline or prevent an unreasonable threat to the rights of other students to a safe and peaceful learning environment.
4. Any student or parent who has knowledge of conduct in violation of this rule or any student who feels he/she has been bullied in violation of this rule should immediately report the conduct to the building principal or asst. principal who has responsibility for all investigations of student misconduct including bullying. A student or parent may also report the conduct to a teacher or counselor who will be responsible for notifying the building principal or asst. principal. This report may be made anonymously.
5. The building principal or asst. principal shall investigate immediately all reports of bullying made pursuant to the provisions of this rule. Such investigation must include any action or appropriate responses that may be taken immediately to address the bullying conduct wherever it takes place. The parents of the bully and the targeted student(s) shall be notified on a regular, periodic basis of the progress and the findings of the investigation and of any remedial action that has been taken.
6. The building principal or asst. principal will be responsible for working with the school counselors and other community resources to provide information and/or follow-up services to support the targeted student and to educate the student engaging in bullying behavior on the effects of bullying and the prevention of bullying. In addition, the school administrator and school counselors will be responsible for determining if the bullying behavior is a violation of law required to be reported to law enforcement under Indiana law based upon their reasonable belief. Such determination should be made as soon as possible and once this determination is made, the report should be made immediately to law enforcement.
7. False reporting of bullying conduct as defined in this rule by a student shall be considered a violation of this rule and will result in any appropriate disciplinary action or sanctions if the investigation of the report finds it to be false.
8. A violation of this rule prohibiting bullying may result in any appropriate disciplinary action or sanction, including suspension and/or expulsion.

9. Failure by a school employee who has responsibility to report bullying or investigate bullying or any other duty under this rule to carry out such responsibility or duty will be subject to appropriate disciplinary action, up to and including dismissal from employment with the school corporation.
10. Counseling, corrective discipline, and/or referral to law enforcement will be used to change the behavior of the perpetrator. This includes appropriate intervention(s), restoration of a positive climate, and support for victims and others impacted by the bullying.
11. Educational outreach and training will be provided to school personnel, parents, and students concerning the identification, prevention, and intervention in bullying.
12. All schools in the corporation are encouraged to engage students, staff and parents in meaningful discussions about negative aspects of bullying. The parent involvement may be through parent organizations already in place in each school.
13. The superintendent or designee will be responsible for developing detailed administrative procedures consistent with the Indiana Department of Education guidelines for the implementation of the provisions of this rule.

CELL PHONES:

Students are allowed to have cell phones for quick contact to parents about after school plans; however, students may NOT use the cell phone during the day for checking messages, playing games, sending text, making calls, etc. PARENTS AND STUDENTS ARE STILL ENCOURAGED TO SEND WRITTEN NOTES REGARDING CHANGES IN NORMAL AFTER SCHOOL PROCEDURES, ALONG WITH USING SCHOOL PHONES FOR MAKING CONTACT FIRST - CELL PHONES SHOULD ONLY BE A MEANS WHEN ALL OTHER OPTIONS ARE NOT APPROPRIATE. Cell phones should remain turned off and remain in lockers and/or school backpacks during school hours 8:00 A.M. - 3:00 P.M. Consequences for using the cell phone between hours of 8-3:00 include: first offense: phone goes to office for parent pick up; second offense: phone goes to office for parent pick up; third offense: OSS (out of school suspension) and termination of phone privileges. The school will not be held responsible for lost, stolen and/or damaged phones.

"**Sexting**" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images of others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the Wireless Communication Device.

CHEATING

At the discretion of the teacher any student cheating on a test will automatically receive an "F" OR "0" for the test or homework. Teachers may also choose to issue detention.

CHILD ABUSE AND NEGLECT

Because child abuse and neglect affects the learning environment, the Board of School Trustees recognizes the educational value of reporting suspected cause of child abuse and neglect. Educators are in a unique position to identify and report suspected cases of abuse or neglect. Other than the child's parents or guardians, educators probably spend more time and have a greater chance to observe a child's behavior than any other person. There are a number of signs an educator may look for when considering the possibility of child abuse or neglect. The presence of one (1) factor alone may not necessarily indicate abuse. If many are present, the educator should seriously consider reporting his/her suspicions.

Among the most common items which may indicate abuse or neglect are if the child:

- A. is habitually away from school or constantly late,
- B. arrives at school very early and leaves very late because she/he does not want to go home,
- C. compliant, shy, withdrawn, passive, and uncommunicative,
- D. is nervous, hyperactive, aggressive, disruptive, or destructive,
- E. has unexplained injuries,

- F. has an inordinate number of "explained" injuries,
- G. complains about numerous beatings,
- H. is inadequately dressed for inclement weather,
- I. has soiled, tattered, or improperly sized clothing,
- J. is dirty, smells, has bad teeth, or hair falling out,
- K. is thin, emaciated, and constantly tired,
- L. is usually fearful of other children and adults.

Educators might also be suspicious if the parents:

- A. show little concern for the child.
- B. Does not respond to the teacher's notes/calls, and are never present for open house, conferences, parents' night, etc.
- C. takes an unusually long amount of time to seek health care for the child,
- D. do not adequately explain an injury.
- E. are reluctant to share relevant information about the child,
- F. respond inappropriately to the seriousness of a problem.
- G. cannot be found,
- H. have unrealistic expectations for the child,
- I. were abused or neglected as children,
- J. are usually antagonistic and hostile when talking about the child's problems.

Clues such as those above can help an educator make an informed decision about reporting a case of suspected child abuse or neglect. Educators are not required, nor are they encouraged, to make a unilateral investigation in such cases, but they are required to report suspected abuse to the appropriate authorities whose responsibility it is to investigate.

Teachers employed by Centerville-Abington Community Schools shall report all cases of suspected child abuse or neglect. The report should be made to the Wayne County Welfare Department at 973-9300. The teacher shall also immediately notify the building principal of the report of suspected child abuse.

A teacher who makes a report of a child who may be a victim of child abuse or neglect is immune from any civil or criminal liability that might otherwise be imposed because of such actions. A person who knowingly fails to make a report as required by I.C. 31-3 commits a Class B misdemeanor. Principals are directed to annually review the regulations with staff members.

CONTRACTS AND OBLIGATIONS

Students may not make commitments with anyone, which are binding on the student, the school, its clubs or organizations. A sponsor must make these arrangements and the building principal must approve them. Trading of cards (baseball, football, X-men, etc.) are examples of a contractual agreement often made at school without parental knowledge. The trading of Nintendo games, tapes, and other personal items are likewise binding contracts not permitted on school property.

CRIMINAL TRESPASS

It cannot be argued that individual members of the public enjoy a limited right of access to school facilities while conducting legitimate school-related business. However, a person's conduct while so engaged cannot be such as to constitute a disruption or interference with the accomplishment of regular school functions. When such incidents occur, the building principal or other administrative official in charge of the particular facility can, and should request that the person leave the premises. Failure to do so can result in prosecution for criminal trespass. I.C. 35-19-4-3. It shall be a misdemeanor for any person to refuse to leave the premises of any institution established for the purpose of the education of students enrolled therein when so requested, regardless of the reason, by the duly constituted officials of any such institution.

CRISIS PREVENTION INTERVENTION (CPI)

Physical Restraint is defined as holding or otherwise restricting student movements. Centerville-Abington students may be placed in this hold if:

- The student poses a physical risk to self or others
- The staff using the restraint has been trained in its safe application
- There is no medical reason to advise against its use

Circumstances to determine if child should be removed from the area:

- Potential injury of the student
- Educational and emotional well-being of other students in area
- Any BIP or IEP requirements

Training

- Physical restraint should be applied only by Crisis Prevention Institute (CPI) trained staff
- Staff should only use techniques received in CPI training
- The administrator or designee in charge will have a list of all CPI trained staff

CURRICULUM

Centerville-Abington Community Schools has developed curriculum guidelines for all subjects Kindergarten through Grade 6 using Indiana Standards as their foundation. Families may view these guidelines in the Rose Hamilton Elementary School Office, Centerville-Abington Elementary School Office or in the Administration Office in the Spencer Building. DETENTION

Students may be assigned detention from the office or from any member of the faculty. This is for those students with undesirable patterns of attendance, tardiness, sleeping in class, incomplete homework assignments, or conduct, as well as other disciplinary problems.

- Students assigned to detention are to report to the room designated for the number of days assigned and

at the time assigned. Each student is to have sufficient materials and books to study. A student who is in violation of the above rules or who misses an after school detention will be issued a second detention which will then require the student to serve two detentions.

- If possible when students are to be detained after school, parents will be notified at least one day in advance.
- Please notify the building principal if the assigned detention date must be changed due to a conflict.

DIRECTORY INFORMATION

Each year the Superintendent shall provide public notice to students and their parents of its intent to make available, upon request, certain information known as "directory information". The Board designates as student "directory information": a student's name; address; telephone number; date and place of birth; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; listing on an honor roll; or scholarships. Directory information shall not be provided to any organization for profit-making purposes. The Superintendent may allow access to a school campus or give students' directory information to organizations that make students aware of educational or occupational options.

The Superintendent is required to give recruiting representatives of the U.S. Armed Services and the Indiana Air, Army National Guard and the service academies of the armed forces of the United States or an institution of higher education access to the high school campus and student directory information (student's name, address, and listed or published telephone number) when requested to do so. A secondary school student or parent of the student may request that the student's name, school student or parent of the student may request that the student's name, address and telephone listing not be released without prior parental consent.

The School Corporation is required to notify the parent and student that either one may request that the information not be released by the School Corporation to the military recruiting representatives. The notification is to include the process necessary to complete this requirement.

The parent or student must make the request in writing at the end of the student's sophomore year in high school. This is a one-time opt-out opportunity. If the student opts-out in his/her sophomore year and later changes his/her mind a revocation may be made.

Parents and adult students may refuse to allow the Corporation to disclose any or all of such "directory information" upon written notification to the Corporation within ten (10) days after receipt of the Superintendent's annual public notice.

Whenever parental consent is required for the inspection and/or release of a student's health or educational records or for the release of directory information, either parent may provide such consent unless specifically stated otherwise by court order.

The Corporation may disclose "directory information" on former students without student or parental consent.

The Superintendent shall prepare procedures to ensure that students and parents are adequately informed each year regarding their rights to:

- A. inspect and review the student's educational records;
- B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights;
- C. consent to disclosures of personally-identifiable information contained in the student's educational

records, except disclosures allowed without parental consent;

- D. file a complaint of Corporation noncompliance with the Department of Education;
- E. obtain a copy of the Corporation's policy and administrative guidelines on student records.

The Superintendent shall also develop procedural guidelines for the proper storage and retention of records and informing Corporation employees of the Federal and State laws concerning student records.

No liability shall attach to any member, officer, or employee of this Corporation specifically as a consequence of permitting access or furnishing students' records in accordance with this policy and administrative guidelines.

Types and locations of education records: Education records mean those records which are directly related to a student and are collected, maintained, and used by the school district. Such records may include, but are not limited to:

1. personal and family data;
2. evaluation and test data including aptitude, achievement, interest, intelligence, personality, behavior observation, and other diagnostic information;
3. medical, psychological, and anecdotal reports;
4. all records of school achievement and progress reports;
5. all records of conferences with students and/or parents;
6. copies of correspondence concerning the student;
7. other information or data which may be useful in working with the student and/or required federal and state regulations.

These records shall be located in each student's cumulative folder at each school and shall be stored at the location designated by the principal of each school. The principal or his/her designee shall be responsible for the maintenance of the confidentiality of these records. Additional records and/or copies of records may be maintained in a separate file at the discretion of the school principal or superintendent. However, parents inspecting the records of their child must be informed of the type and location of such additional records, if any. The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (Eligible students) certain rights with respect to the student's education records. They are:

1. The right to inspect and review the students' education record within 45 days of the day the School Corporation receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. However, if the student is still a 'dependent' of the parent for federal income tax purposes, the school may still release education records to the parent without the student's prior written consent. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask Centerville-Abington School Corporation to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School Corporation decides not to amend the record as requested by the parent or eligible student, the School Corporation will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate education interest. A school official is a person employed by the School Corporation as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving

on the School Board; a person or company with whom the School Corporation has contracted to perform a special task (such as an attorney, Auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School Corporation discloses educational records without consent to officials of another school corporation in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School Corporation to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, S.W.
Washington, D. C. 20202-4605

DISCIPLINE

We will continue to take a *pro-active* approach and use discipline procedures within our schools. At the beginning of the school year, each classroom will review all behavioral expectations. Classroom rules, as well as building rules should be similar to this general list of rules:

1. Follow all directions the first time they are given
2. Keep hands and feet to yourself
3. Respect others and property
4. Stay in assigned areas only
5. Keep all toys, trading cards, and electronic devices (i.e. I-pods, etc.) at home.
6. Remember to walk in the building
7. Use kindness and manners at all times
8. No gum chewing*

*chewing gum at school is not allowed unless the teacher specifically designates a special time for the class to do so. If this is the case, the students will only be allowed to chew gum in that classroom and not leave that room with gum in his/her mouth. Gum creates a big problem when stuck under desks and tables, or smashed into carpet, etc. There will be consequences for students who do not follow this rule.

DISCIPLINE DEFINITIONS:

Detention: is the keeping of a student after regular school hours for a reasonable period of time.

Probation: is a conditional enrollment in school, or a particular school activity or class, for a restricted period of time.

In School Suspension: is a temporary exclusion of a student from a class or classes. Student will complete work in a restricted area of the building (counselor's room, learning lab, office).

Removal: An elementary teacher will have the right to remove a student from his/her class or activity for a period of up to one (1) school day if the student is assigned regular or additional work to be completed in another school setting.

Suspension: A school principal (or designee) may deny a student the right to attend school or take part in any school function for a period of up to 10 school days.

Weapon: The term "weapon" means any object which, in the manner in which it is used, intended to be used, or represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health or safety of persons. Weapons include, but are not limited to, firearms, tasers, handguns, stun guns,

guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, chemical weapons, metallic knuckles, martial arts weapons, ammunition, and destructive devices (bombs, incendiary, grenade, Molotov cocktail, rocket with a propellant charge of more than four (4) ounces, etc.). I.C. 35-47-5-2.5(a)

STUDENT DISCIPLINE CODE

At the beginning of the school year, each school family will receive a student handbook during registration. It is appropriate to note here that the primary purpose for schools is to transfer knowledge on to future generations. In light of this task, schools must maintain a safe orderly environment where students are able to excel. This part of school, commonly referred to as the school climate, is an essential cornerstone to the learning process. In order to initiate a healthy school climate, structure in the form of rules and standards must be in place. Therefore, it becomes necessary to establish procedures when rules or standards are violated.

Students committing acts of substantial disobedience, disruptive behavior, or misconduct may be placed on social probation, after school detention, suspended from riding the school bus, suspended either in or out-of-school, expelled from school or otherwise disciplined.

UNAUTHORIZED ACTIVITIES

"Criminal gang" defined (per IC 35-45-9-1)-"criminal gang" means a group with at least three (3) members that specifically:

(1) either:

(A) promotes, sponsors, or assists in; or

(B) participates in; or

(2) requires as a condition of membership or continued membership; the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery (IC 35-42-2-1).

"Gang Activity" - a student who knowingly or intentionally actively participates in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

It is the policy of Centerville-Abington Community Schools to prohibit gang activity and similar destructive or illegal group behavior on school property or school buses or at school-sponsored functions.

It is the policy of Centerville-Abington Community Schools to prohibit reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or others with reliable information about an act of gang activity and similar destructive or illegal group behavior.

Students, parents, and school employees are encouraged to report suspected behavior to the principal or school safety specialist. The principal and safety school specialist will take appropriate action to maintain a safe and secure school environment, including providing appropriate intervention services.

No student on or about school property or at any school activity:

1. Shall wear, possess, use, distribute, display or sell any clothing, jewelry, emblem, badge, symbol, sign, or any other thing, which is evidence of membership in or affiliation with any organized criminal activity.

2. Shall commit any act or omission or use any speech, either verbal or nonverbal (gestures, handshakes, etc.) showing membership in or affiliation in organized criminal activity.
3. Shall use any speech or commit any act or omission in furtherance of the interests of any organized criminal activity, including, but not limited to:
 - a. Soliciting others for membership in any organized criminal activity;
 - b. Requesting any person to pay for "protection" or otherwise intimidating or threatening any person;
 - c. Committing any illegal act or violation of school district policies;
 - d. Inciting another person to act with physical violence upon any other person.

DRESS GUIDELINES

Appropriate dress, grooming, neatness and cleanliness are attributes that should be encouraged because they can affect the learning-teaching attitude of the individual and the group. It is in this spirit that reasonable standards are established. It would be impossible to devise a policy that would cover all situations and generally speaking, good common sense is usually the best guide for deciding on appropriateness of appearance. But there are a few guidelines, which need special clarification.

The administration and staff will be enforcing the following dress guidelines:

1. Blouses and shirts must be worn that completely cover the body when arms are raised. See-through blouses, spaghetti straps, low and revealing tops, bare midriffs, halter tops, mesh shirts, shirts with open sides and pajama bottoms are prohibited for school.
2. Loose low hanging pants that reveal skin or under clothing may not be worn to school. Pants with rips and tears above the knee that reveal skin or underclothing may not be worn to school. If needed, students will be asked to put on a belt, different pants, or call home for needed items.
3. Students are to wear shoes in the building. Flip flops and shoes with a heel or wedge sole approximately 2 inches or higher should not be worn for safety reasons on recess equipment, (i.e. monkey bars) or during team sports, (i.e. basketball).
4. HEELIES (shoes with wheels) ARE NOT ALLOWED.
5. One's appearance should not be vulgar, obscene, promote secret organizations, or lead to a disruptive atmosphere.
6. Students are not to wear apparel that displays or advertises drugs, alcohol or tobacco.
7. Students are not to wear sun visor hats, baseball hats, sunglasses, gloves, distracting clothing or costumes (except on designated days).
8. No face paint/hair paint or unnatural hair color (i.e. pink, blue, orange, yellow, green, purple, white, black, etc.)
9. Body piercing jewelry must be limited to ears. All jewelry must be removed for P.E. class. Any jewelry that is disruptive or presents an element of danger is not allowed.
10. Special dress and appearance regulations will be recognized for special activities.
11. Students are allowed to wear walking shorts in school. Shorts and skirts should extend below the fingertips when arms are held down at sides and fingers are extended.
12. Shorts and flip flops may NOT be worn between Thanksgiving Break and Spring Break. (School Principal will make an announcement to allow shorts/flip flops if there are days of unseasonably warm weather during this time.)
13. Hair that is worn in the eyes presents a distraction and interference in education. The students will be asked to keep hair from their eyes. If the problem continues, parents will be contacted.
14. Leggings/tights must be worn with a top that covers the bottom area.

The school will intervene, if in the judgment of teachers and administrators, reasonable discretion has not been exercised to avoid undue distraction, to provide proper cleanliness or to maintain proper levels of common decency.

Students who violate the dress guidelines during the school year will be asked to contact their parent for appropriate clothing and or will be given clothing from the school's lost and found to wear.

DRUG-FREE SCHOOL ZONE

The School Board believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting, which is not tainted by the use or evidence of use of any controlled substance.

The Board shall not permit the manufacture, possession, use, distribution, or dispensing of any controlled substance, alcohol, and any drug paraphernalia, by any member of the Corporation's professional staff at any time while on Corporation property or while involved in any Corporation-related activity or event. Any staff member who violates this policy shall be subject to disciplinary action in accordance with Corporation guidelines and the terms of negotiated, collective-bargaining agreements.

The Superintendent shall establish administrative guidelines that will best ensure compliance with the intent of this policy and that will provide for appropriate disciplinary actions if and when needed.

Schools in the state of Indiana have been declared Drug-Free Zones. Indiana Code 35-48-4-4 states that it is illegal to possess use or sell a controlled substance or alcoholic beverages on school property, within 1000 feet of school property, or on a school bus. All individuals (including students) in violation of this law must be reported to law enforcement authorities. Violation of this law is a Class B or D offense depending on the circumstances. Violation of these rules will also mean expulsion from school.

1. Possess, provide to another person, or be under the influence of any substance which is or contains tobacco, alcohol, marijuana, a stimulant, an intoxicant, a narcotic, a depressant, caffeine-based pills, substances containing phenyl-propanolamine (PPA), or a hallucinogen - whether prescription or sold over the counter (without a prescription) or any substance represented by the provider to be any of the listed substances (a) on school grounds at any time or (b) at any school sponsored activity at any location including the school bus. Use of medication by a student prescribed by a medical doctor, a dentist, or other health care provider authorized by law to prescribe medication does not violate this rule. Any student who is unsure if possession, use or providing another person with any particular medicine or substance would violate this rule should contact the Principal before possessing, using or providing the medication or substance.
2. Possess or provide to any person anything used or designed to be used primarily for the storage, processing, delivery or consumption of alcohol, marijuana, stimulants, intoxicants, narcotics, depressants, or hallucinogens on school premises at any time or any location including the school bus. Examples of things, which are not to be possessed or provided to another person, are: pipes, rolling paper, clips, etc.

Violation of these rules will mean expulsion from school.

EMERGENCY DRILLS

FIRE DRILL PROCEDURES

Procedures for evacuating the building during fire drills are posted in each room and will be read to each class by the teacher. Follow these instructions for each drill. Each drill is to be treated as an actual emergency situation.

1. The alarm is a continuous bell.
2. Leave the building quickly and quietly. Keep to the side of hallways.
3. When outside, clear the building so the last student can be 300 feet from the building.
4. Do NOT return to the building until the all clear is given by the bldg. principal or designee.

TORNADO DRILL PROCEDURES

Drills are carried out in accordance with the state law and each teacher to each class gives directions of areas.

1. The alarm is called Code Green.
2. Move quickly and quietly to designated area.
3. Students should face the locker or wall and clasp their hands behind their head, duck & cover.
4. Remain quiet for further instructions.
5. All windows and doors are to be shut.

Note: All students will comply with established procedures and the specified instructions of staff personnel.

OTHER DRILLS

Centerville-Abington Schools will practice other safety drills periodically even though not required by state law (Earthquake, bus evacuations, flooding, hazardous chemical spills, bomb threats, hostage, etc.).

ENROLLMENT

The enrollment policy for Centerville-Abington schools is aligned with Indiana State Mandates.

A student entering Kindergarten must be 5 years of age on or before July 1st. A student entering 1st grade must be 6 years of age on or before July 1st. All students entering must present a birth certificate and record of immunizations.

KINDERGARTEN ENROLLMENT

In the state of Indiana, a child must be five years old on or before August 1 in order to attend kindergarten. Centerville-Abington Community Schools has an Early Entrance Policy, allowing children to enroll in kindergarten if they are 5 years old on or before Sept. 1 of the coming year. However, early entrance students with birth dates between August 2 and Sept. 1 may only attend kindergarten if space is available.

EQUAL EDUCATIONAL OPPORTUNITY

The School Board declares it to be the policy of this Corporation to provide an equal opportunity for all students to learn through the curriculum offered in this Corporation regardless of race, color, creed, disability, religion, gender, ancestry, age, national origin, place of residence within the boundaries of the Corporation, or social or economic background.

The Superintendent shall appoint compliance officer whose responsibility it will be to ensure that Federal and State regulations are complied with and that any complaints are dealt with promptly in accordance with law. S/He shall also ensure that proper notice of nondiscrimination for Title II, Title VI, and VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Act is provided to students, their parents, staff members, and the general public.

The Superintendent shall attempt annually to identify children with disabilities, ages 3-22, which reside in the Corporation but do not receive public education. In addition, s/he shall establish procedures to identify students with limited English proficiency and to assess their ability to participate in Corporation programs.

EXCEL IDENTIFICATION PROCESS

Centerville-Abington School Corporation acknowledges that students are unique individuals deserving of appropriate programming to meet their needs. Students who test into the superior range intellectually and who demonstrate advanced achievement levels on standardized tests, require a program offering a variety of special provisions which challenge, accelerate, and enrich beyond the core curriculum. The school corporation also believes that the training of teachers, development of curriculum, and other efforts channeled toward academically talented programming will benefit the entire student population as well. The program is entitled EXCEL and students are identified for involvement in it based on the following criteria:

- Ability measure: CSI score on group test or individual I.Q. test
- Achievement in reading/language arts, math, and overall test battery on standardized tests
- Teacher rating of characteristics of gifted and talented students
- Grades in reading and math
- Task commitment (how much a student can stay focused on a task and finish the task with the highest effort)
- Creativity
- Learning characteristics (higher order thinking skills)
- Student writing

In the event that the parent/guardian has a question or concern regarding the EXCEL program they should contact the following Coordinator: Dr. Vicki DeMao, 115 West South Street, Centerville, IN 47330, 765-855-3475.

EXPOSURE CONTROL PLAN

Both elementary buildings have an exposure control plan for the handling of blood and bodily fluids for school personnel. Students should be advised that they should not come in contact with blood and/or bodily fluids to protect themselves from communicable diseases such as HIV, Hepatitis B virus, etc. Students should immediately contact a member of the school staff for proper and safe cleaning.

EXTRA-CURRICULAR ACTIVITIES

Students have many opportunities to take part in different extra-curricular activities. Fifth and sixth grade students may participate in the elementary basketball programs. Sixth grade students may also participate in junior high sports of cross-country, track, wrestling, and swimming.

It is our opinion that extra-curricular activities are very important to children, but *academics are our top priority*; therefore student eligibility in extra-curricular activities depends upon:

- Approval for admission/participation
- Appropriate social performance (meaning students may NOT be on SOCIAL PROBATION). Any student who receives 3 detentions and/or suspensions will be on Social Probation for 20 school days and weekend days in-between.
- Maintaining grades of C- or higher (grades will be checked at the end of each grading period). Any student who receives a grade lower than a C- on his/her report card will be placed on ACADEMIC PROBATION.

BAND - 6th grade Band is offered during the school day for students who have the interest and talent.

CHOIR - Choir is available to fifth and sixth grade students. They must come to practices, follow rules and directions as established by the director, dress as required for programs and participate in all choir programs. Practices are normally during the school day but occasional after school practices may be held.

CLUBS - the staff and principal, for the benefit of all students, may establish clubs. These may be academic or artistic and serve as enrichment to the daily curriculum. These will be reviewed and determined annually.

STAR COUNCIL - This club may be made up of representatives from grades 4, 5, and 6. Their objective is to make our school a better **place to live and learn** and to involve the entire school in different types of

philanthropic projects where money or items are donated to a good cause. Meetings are held after school.

FEES

Book rental is a major part of school fees, but not in total. Some fees are derived from workbooks and practice sets. These will be included at the beginning of the year. Cost is figured on the year and not on the semester. Forms are available to apply for assistance, based on financial qualifications. If fees are not paid according to the agreed upon written arrangements, the parent/guardian will be turned over to a collection agency in an effort to secure payment.

FERPA

Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day Centerville-Abington Elementary receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the [School] to amend a record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Centerville-Abington Community Schools to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school sponsored trip without parental consent. (Parents attending these trips must pass a criminal history check.)

- ▶ Attendance and discipline rules apply to all field trips.
- ▶ While the corporation encourages the student's participation in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- ▶ Students who violate school rules or are on any form of probation, may lose the privilege to go on field trips.

Chaperones

- No more than 4 adult chaperones besides teacher/teaching assistants.
- Possible chaperones must:
 - 1) be cleared by principal on criminal history check,
 - 2) turn in information form, and
 - 3) send in money before being selected to chaperone.
- Chaperones will be assigned a group of students to watch.
- Chaperones *MUST* ride the bus and sit with their group.
- Chaperones may not bring other people (husband, wife, child, grandparent, etc.) on the trip.
- Students must ride the bus to the field trip and back to school unless a letter of request is written to the principal and approved before the day of the field trip.
- Parents, relatives, etc., who want to travel to the field trip location on their own will not be able to use the school's group rate, or be included in the parking. They also will not be able to be a part of the established groups and chaperones.

FINANCIAL ASSISTANCE

Centerville-Abington Schools participate in the State Textbook and Free School Lunch Programs. Further information can be found under School Lunch Program and Book Rental in this handbook or contact your school office.

FLAG/SAFETY PATROLS AT CENTERVILLE-ABINGTON ELEMENTARY

6th grade students that maintain acceptable grades (C- or higher) may volunteer for flag patrol/safety patrol. Grades will be checked at the end of each nine weeks. If grades drop, participants will be put on probation during the grading period. As grades improve, they will be expected to return to their duties. Members of the flag patrol/safety patrol are expected to continue with this responsibility for the entire school year unless acceptable grades are not maintained. All members will receive recognition during the awards ceremony at the end of the year.

FUND RAISING

The Principal must approve fund raising activities at Centerville Schools. A project request must be cleared through the superintendent's office. The Principal and Superintendent must sign this request. Forms are available in the Principal's office.

GRADING

Since grades play such a significant role in the life of a student, it is imperative that the Board's grading policy be implemented with as much professional expertise as can be applied. In determining grades at the various levels, staff should observe the Elementary Grading Scale.

GUIDANCE AND COUNSELING

Services Offered: Counseling at the elementary schools is an At-Risk program, which concentrates on, but is not limited to, students with at risk qualifications. Due to the sensitive nature of some counseling situations, the counselor will practice confidentiality. Parents may not be notified concerning all counselor/student discussions.

HARASSMENT

Reporting Procedures

Conduct constituting harassment may take different forms, including, but not limited to the following:

GENDER/ETHNIC/RELIGIOUS/DISABILITY/HEIGHT/WEIGHT HARASSMENT

- **Verbal:** Written or oral innuendoes, comments, jokes, insults, threats, or disparaging remarks concerning a person's gender, national origin, religious beliefs, etc. toward a fellow student, staff member, or other person associated with the Corporation. Conducting a "campaign of silence" toward a fellow student, staff member, or other person associated with corporation by refusing to have any form of social interaction with the person.
- **Non-Verbal:** Placing objects, pictures, or graphic commentaries in the school environment or making insulting or threatening gestures toward a fellow student, staff member, or other person associated with the Corporation.
- **Physical:** Any intimidating or disparaging action such as hitting, hissing, or spitting on a fellow student, staff member, or other person associated with the Corporation.

SEXUAL HARASSMENT

Sexual Harassment, may include, but is not limited to:

- A. verbal harassment or abuse;
- B. pressure for sexual activity;
- C. repeated remarks with sexual or demeaning implications;
- D. unwelcome touching;
- E. sexual jokes, posters, cartoons, etc.;
- F. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or safety;
- G. a pattern of conduct, which can be subtle in nature that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another;

H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

- **Verbal:** The making of written or oral sexual innuendo, suggestive comments, and jokes of a sexual nature, sexual propositions, or threats to a fellow student, staff member, or other person associated with the Corporation.
- **Non-Verbal:** Causing the placement of sexually suggestive objects, pictures, or graphic commentaries in the school environment or the making of sexually suggestive or insulting gestures sounds leering, whistling, and the like to a fellow student, staff member, or other person associated with the Corporation.
- **Physical Contact:** Threatening or causing unwanted touching, contact, or attempts at it, including patting, pinching, pushing the body, or coerced sexual intercourse, with a fellow student, staff member, or other person associated with the corporation.

Any student who believes that she/he is the victim of any of the above actions or has observed such actions taken by another student, staff member, or other person associated with the Corporation should make contact with the persons selected by each building principal with whom the student would most likely be comfortable in discussing a matter of this kind. The student may make contact either by a written report or by telephone or personal visit. During this contact, the reporting student should provide the name of the person(s) whom she/he believes to be responsible for the harassment and the nature of the harassing incident(s). A written summary of each such report is to be prepared promptly on form provided by the school and a copy forwarded to the building principal.

Each report received by the principal or his designee as provided above, shall be investigated in a timely and confidential manner. While a charge is under investigation, no information is to be released to anyone who is not involved with the investigation, except as may be required by law or is in the context of a legal or administrative proceeding. NO one involved is to discuss the subject outside of the investigation. Students may report incidents of harassment to: (1) the building principal, or (2) the school counselor.

The purpose of this provision is to:

- A. protect the confidentiality of the student who files a complaint;
- B. encourage the reporting of any incidents of sexual or other forms of harassment;
- C. protect the reputation of any party wrongfully charged with harassment.

If a student reports that a member of the staff is harassing him, the matter is to be reported immediately to the Principal who shall then contact the Superintendent. The Superintendent shall arrange promptly for a proper inside or outside investigation by those who are experienced in such investigations. In addition, the Principal, upon receiving the complaint from a minor student or his/her parents shall determine if the harassment may constitute child abuse and, if so, follow the child abuse reporting procedure described in AG8462.

During the investigation, the accused staff member may be removed from any contact with students. In addition, the principal shall ensure that the alleged student victim receives proper guidance and support in dealing with any after effects of the alleged harassment.

Investigation of a complaint not involving a member of the staff will normally include conferring with the parties involved (may include parents), and any named or apparent witnesses. All students and others involved are to be protected from coercion, intimidation, retaliation, or discrimination for filing a complaint or assisting in an investigation. If the investigation reveals that the complaint is valid, then prompt, appropriate remedial and/or disciplinary action will be taken immediately to prevent the continuance of the

harassment or its recurrence. Any form of sexual harassment is considered a form of child abuse and the abuser must be reported immediately in accordance with AG8462.

Any form of harassment is not acceptable in the Centerville-Abington Community Schools. Guidelines established prohibit such occurrences to continue beyond the first initial complaint received by the principal or his designee. Continued harassment may result in removal from school until the allegations are investigated and the harassment discontinues. If the allegations involve a staff member, the accused staff member may be removed from any contact with students.

Penalties at the elementary school for harassment of a sexual, gender, ethnic, religious, disability, height, or weight nature could result in:

- A. Removal of the student doing the harassing from the student being harassed.
- B. Eliminating the student doing the harassing from all elementary school activities both after school and in school (to include recess & lunchroom).
- C. Suspension or expulsion from school.

Some forms of sexual harassment of a student by another student may be considered a form of child abuse, which would require that the student abuser be reported to the proper authorities in compliance with State law. Each elementary building will provide instruction, appropriate to their age, or the nature of the forms of sexual harassment and other forms of harassment, means for dealing with harassment and the school's procedure for reporting any incident in which they are involved or have observed. Instruction in each elementary school will be conducted by the classroom teachers and may include the assistance of community resource people, pastors of local churches, community youth leaders, the building principal and the building counselor.

Curriculum appropriate to the student's age level, will discuss:

- (1) What is harassment?
- (2) Types of harassment.
- (3) How to deal with harassment.
- (4) How to report harassment.

The Corporation recognizes that determining whether a particular action or incident is harassment or, conversely, is reflective of an action without a discriminatory or intimidating intent or effect must be based on all of the facts in the matter. Given the nature of harassing behavior, the Corporation recognizes that false accusations can have serious effects on innocent individuals. Therefore, all students are expected to act responsibly, honestly, and with the utmost candor whenever they present harassment allegations or charges against fellow students, a staff member, or others associated with the Corporation. SEE BOARD POLICY # 4362 ON THE WEBSITE FOR CENTERVILLE ABINGTON COMMUNITY SCHOOLS FOR FURTHER INFORMATION.

ANTI-HARASSMENT

The school prohibits retaliation against any person who reports an incident, files a complaint, or otherwise participates in an investigation. Suspected retaliation should be reported in the same manner as bullying, harassment, and intimidation.

HEALTH CARE/EMERGENCIES/SAFETY

If a child becomes ill or injured at school, school personnel will act in good faith and to the best of their ability to provide the standard of care. All accidents are to be reported to the school office. The parent or guardian must provide proof of immunizations before a student is enrolled. Students displaying symptoms of a communicable disease will have to be excluded from the student population. For minor illness or injury, a courtesy call may be made to inform parents. School personnel may request a child be picked up for vomiting, fever, or soiled clothing. For specific details, contact the building principal or school nurse.

HEALTH EMERGENCIES

If, as a result of accident or illness a student requires immediate attention, the school will attempt to follow the procedure listed below: (1) Notify the parents and nurse immediately. (2) Keep the student under the care and supervision of the nurse, secretary, teaching assistant, principal or teacher until parents or an authorized custodian picks the student up to take him/her for medical attention. (3) If the parent or authorized custodian cannot be reached, the service of the police department and ambulance service could be enlisted if immediate care is deemed necessary. (4) In extreme emergencies, the ambulance service will be called and the student sent immediately to the hospital. Parents and/or authorized custodians will be notified to report immediately to the hospital. Should parents or authorized custodians be unavailable for contact by normal procedures, the local and county police officials will be contacted for assistance. (5) All accidents should be reported to the principal or school office immediately.

USE OF MEDICAL DEVICES

Students requiring temporary or permanent use of assistive devices, such as (but not limited to) crutches, walker, or wheelchair, due to injury, accident, or surgery may be required to provide to the school written documentation from the physician providing care. This documentation allows school personnel to assist the student to navigate safely or by allowing the student to be excused from certain classes or activities. Final determination and accommodations will be made by the building administrator.

HEALTH EDUCATION AND HUMAN GROWTH/AIDS INSTRUCTION

Both elementary buildings, in accordance with state statute, have Human Growth and Development and Aids instruction in the curriculum of Health. Parents who have possible concerns about the instruction should contact the teacher. The teacher/school nurse will discuss content and allow the materials to be examined by the parents. If parents decide to exclude their student from that portion of the class they can sign a student exclusion form in the office. Those students will have adaptive course work during the time of their absence from the regular class

HOME BOUND INSTRUCTION PROGRAM

The School Board may provide, pursuant to rules of the State Board of Education, individual instruction to students of legal school age who are not able to attend classes because of accident or illness. Documentation of the enabling condition shall be done by a physician licensed to practice in this State who shall:

1. certify the nature of the medical disability;
2. state the probable duration of the confinement;
3. certify the student's ability to participate in an educational program.

Applications must be approved by the Superintendent.

The program of homebound instruction given each student shall be in accordance with rules of the State Board of Education. Teachers shall hold an Indiana teaching certificate appropriate for the level of instruction for which the assignment is made.

Instruction may be withheld when:

1. the instructor's presence in the place of a student's confinement present a hazard to the health of the teacher;
2. a parent or other adult in authority is not at home with the student during the hours of instruction;
3. the condition of the student is such as to preclude his/her benefit from such instruction;
4. the student will be home bound for less than four (4) weeks.

HOMEWORK POLICY

Purpose

Homework should have a valid educational purpose and should pertain to the objectives of the course. It should help the students develop independent study and encourage self-discipline to pursue additional academic skills and

knowledge. It should be viewed as an expansion of the school experience.

Definition

Homework is an assignment, which requires out of class preparation. In the Centerville-Abington Community Schools, homework will be considered as an extension, not a substitute, for classroom instruction. It should never be "busy work", construed as punishment, or assigned for disciplinary reasons. Each school level, under the leadership of the principal, will develop a homework guideline applicable to the students they serve.

Homework should fulfill the following purposes and objectives:

1. To review, reinforce and enrich classroom learning by providing practice and application of knowledge gained.
2. To teach students responsibility, self-discipline, organizational skills, and encourage a carry over of worthwhile school activities.
3. To provide an opportunity for parents to be involved with their children in the educational process.

Teachers Role and Responsibilities

The teacher will have the responsibility of determining homework to be assigned.

Teachers should follow these guidelines:

1. At the beginning of the school year, the teacher should explain to students his or her individual approach to homework, and the importance of the assigned homework toward the mastery of the subject.
2. Make homework meaningful to the student.
3. Do not use homework as a disciplinary action.
4. Evaluate homework and, as appropriate, share results with each student.
5. Develop a clearly understood procedure for evaluating completed assignments.
6. Inform parents if a student consistently fails to do homework assignments.
7. Assign homework that is reasonable for all students.
8. Make homework assignments specific so that students will know what is expected.

Students Role and Responsibilities

Students should cooperate with teachers and parents in completion of all homework assignments.

Students should follow these guidelines:

1. Understand requirements pertaining to the assignment before leaving class.
2. Take home any materials and information needed to complete assignments.
3. Find a quiet place to study.
4. Take advantage of study time provided during the day.
5. Set aside a special time to do homework.
6. Plan in advance for long-term assignments.
7. Organize assignments so homework can be completed in a reasonable amount of time.
8. Carefully check the completed assignments.
9. Ask your teacher about assignments missed during an absence.
10. Return all completed assignments by the requested date.

Parents Role and Responsibilities

By cooperating with and being supportive of a teacher, a parent should assist the teacher by helping a student:

1. Achieve a meaningful homework experience.
2. Develop initiative and responsibility toward learning.
3. Create and develop independent study skills.

Parents should follow these guidelines:

1. Assist the student in developing a positive attitude toward learning and the value of education.
2. Provide the opportunity for an environment conducive to study.
3. Arrange with the student a satisfactory study schedule.
4. Check classroom papers that the student may bring home and give special attention to teacher comments.

HONOR ROLL

Students in grades 3-6 will be eligible for the honor roll. There will be an All A Honor Roll and an All A and B Honor Roll. Additional school awards may be given at any time at the discretion of the elementary staffs.

IMMUNIZATION

The Board requires that all students be properly immunized against whooping cough, poliomyelitis, measles, diphtheria, rubella (German measles), tetanus, mumps, Hepatitis A, Hepatitis B, and varicella (chicken pox). From time to time other communicable diseases may be designated by the State Board of Health.

The current list of required student immunizations at each grade level is listed in AG 5320 - Immunization of Students in School. *This can be found by going to www.centerville.k12.in.us, click on Administration, then Administrative Guidelines, Students, and finally Immunization (5320).*

The Superintendent shall require parents to furnish to their child's school, no later than the first day of school after enrollment, a written statement of the child's immunization accompanied by a physician's certificate or other documentation. Students whose parents do not provide the required documentation by the opening day of school may be admitted to school provided the documentation is received within twenty (20) days and is in accord with the Superintendent's administrative guidelines on immunization. If the student remains unimmunized at the close of the twenty (20) day period, the Superintendent shall commence expulsion proceedings, unless the parents have filed a religious objection or submitted a physician's statement that the needed immunizations are contraindicated.

Information concerning meningococcal disease (meningitis) and its vaccine shall be provided to students and parents at the beginning of the school year by the Superintendent. The information must include information concerning the causes, symptoms and spread of meningococcal diseases and places where parents may obtain additional information and vaccinations for their children. The Superintendent shall consult with the State Department of Education and the State Board of Health to develop necessary information and needed materials.

Exemptions to the immunization requirements shall be granted, in accordance with State law, only for medical, religious, or other reasons allowed by the State.

The parent of each female student who is entering grade six (6) shall be provided with information prescribed by the State Department of Health concerning cervical cancer and the human papillomavirus (HPV) infection and that an immunization against the HPV infections is available. Within twenty (20) days after the first day of school, the parent may provide a written statement as prescribed by the State Department of Health regarding the HPV information.

INSURANCE

The school does provide access to a student insurance program which parents or students may choose to purchase. This is strictly a voluntary program and is regarded as a service to students who feel the need for this type of insurance coverage. Application may be secured from the principal's office. The responsibility for filing claims rests with the student and parent and the forms are available in the principal's office.

STUDENT ACCIDENT INSURANCE

The School Board recognizes the need for insurance coverage for injuries to students caused by accidents occurring in the course of attendance at school and participation in the athletic and extra-curricular programs of the schools. Therefore, at the beginning of each school year, the Board shall offer parents the opportunity to participate in-group accident insurance at the expense of the parents. A signed

statement of insurance coverage on the part of the student's parent or guardian shall be a prerequisite for student registration in any school activity having a potential for personal injury.

INTERNET USE AND SAFETY

The Board encourages students to utilize the Internet in order to promote educational excellence in our schools by providing them with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The instructional use of the Internet will be guided by the Corporation's policy on instructional materials.

The Internet is a global information and communication network that provides students and staff with access to up-to-date, highly relevant information that will enhance their learning and the education process. Further, the Internet provides students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

First, and foremost, the Corporation may not be able to technologically limit access, to services through the Corporation's Internet connection, to only those that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, will open classrooms and students to electronic information resources which have not been screened by educators for use by students of various ages.

The Corporation has implemented the use of technology protection measures which are specific technologies that will protect against (e.g. filter or block) access to visual displays/depictions that are obscene, child pornography, and materials that are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Corporation or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The technology protection measures may not be disabled at any time that students may be using the Network, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or building principal may temporarily or permanently unblock access to sites containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

The Corporation utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Corporation has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using the Internet. The Board supports and respects each family's right to decide whether to apply for independent student access to the Internet.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;
- B. the dangers inherent with the online disclosure of personally identifiable information;
- C. the consequences of unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by students online; and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors.

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while in school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs. Building principals are responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Internet. All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

Students and staff members are responsible for good behavior on the Corporation's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Corporation does not sanction any use of the Internet that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Students shall not access social media for personal use from the Corporation's network, but shall be permitted to access social media for educational use in accordance with their teacher's approved plan by the principal for such use.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users granted access to the Internet through the Board's computers assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by this Board policy and its accompanying guidelines.

The Board designates the Superintendent and the building principal as the administrator responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to students' use of the Network.

INTRAMURALS

These after school activities are for students in grades 3-6. Bowling, softball, track, exercise, etc. have been activities previously offered. These are under the direction of the elementary teacher and subject to his/her selection and schedule. Students must have permission of their parents to participate. Parents are responsible for transportation.

The School Board recognizes the value to the Corporation and to the community of a program of interscholastic athletics for as many boys and girls as feasible.

- A. The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that, which can be offered by a school or the School Corporation alone.
- B. The program should foster the growth of school loyalty with the student body as a whole and stimulate community interest in athletics.
- C. Game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The Board subscribes to the administrative guidelines of the Indiana High School Athletic Association so long as the Association complies with the requirements of I.C. 20-5-63-6 but maintains responsibility for enforcement of all rules. The Board believes that it is the purpose of an interscholastic program to provide the benefits of an athletic experience to as large a number of students as feasible within the Corporation.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship, team play, and fair competition, rather than on winning, particularly at sub-varsity levels. The Superintendent is to develop guidelines for coaches to follow, which will ensure that as many students as possible have the opportunity to play, so they have the opportunity to benefit from the learning experience.

The Superintendent shall develop appropriate administrative guidelines for the operation of the Athletic Program and a Code of Conduct for those who participate. Such guidelines should provide for the following safeguards:

- A. Prior to enrolling in the sport, each participant shall submit to a thorough physical examination by a physician; and parents shall report any past or current health problems along with a physician's statement that any such problems have or are being treated and pose no threat to the student's participation.
- B. Prior to enrolling in any sport the student and his/her parents will be required to sign the "Acknowledgement of Risk" forms 2431 F1 and 2431 F2.
- C. Any student who is found to have a life-threatening health condition such as a heart defect, respiratory dysfunctions, and the like, must have authorization in writing by the student's physician and parents in order to participate in any athletic activities.
- D. Any student who incurs an injury requiring a physician's care is to have the written approval of a physician prior to the student's return to participation.
- E. All students (including cheerleaders) must be covered by health insurance. Coverage can be provided by parents/guardians, or the school health insurance waiver must be completed.

In order to minimize health and safety risks to student-athletes and maintain ethical standards, school personnel, coaches, athletic trainers, and lay coaches should never dispense, supply, recommend, or permit the use of any drug, medication, or food supplement solely for performance-enhancing purposes.

LIBRARY

The Library is attempting to anticipate the needs of students and teachers. Interests aroused in the classroom can be pursued in many different books and materials in the library. Individual interests outside of assigned lessons can be satisfied here, and new reading fields are ever open to the inquisitive. The library welcomes students for both leisure reading and research.

Checkout: Books are checked out for two weeks, and magazines and reference books are to be used in the library or classroom. Books may be renewed.

Overdue Notices: The first overdue notice for a student's late book will be sent through the teacher. The next notice will be mailed to the student's home.

LICE

Whenever a student is found to be infested with head lice, his/her parent/guardian will be notified of the infestation. It will be determined by the principal if the student will be sent home based on a case by case basis. For more information, please refer to our corporation's Parent Information Packet on Lice.

LOCKERS

Lockers are the property of Centerville-Abington Community Schools and are a permanent part of the building. Each student is assigned a locker for storage. The principal or his representative shall possess the authority to examine the contents of the locker located on premises when there is a reason to believe that the contents of the locker may include elements which:

1. Present an immediate threat to the health, safety, and the welfare of the student or of other students.
2. Are illegal to possess.
3. Would contribute to the disruption of the normal education program.
4. Have been reported lost or stolen.

The complete policy on this is located in the back of this handbook under "Search and Seizure". Our school does not permit locks for lockers at CAE.

LUNCH MONEY/REV TRACK

We ask that parents send in money for deposit into REV TRACK on Monday mornings (or another morning if need be.) Please put money/check in an envelope with first and last name of student and also teacher's name. This money will be collected first thing in the morning and deposited. Students are asked not to bring money at lunchtime for deposit as it takes too much time to make deposits when all students are standing in line waiting to eat.

LUNCH PERMITS

The Centerville-Abington Board of School Trustees policy pertaining to the lunch period states that no student will be allowed to leave the school grounds unless it is evident that the student has sufficient time to walk home and back to school within the allotted time of 30 minutes. Lunch permit forms are available in the principal's office. Lunch permits will not be issued to students to eat in various area food establishments or at the homes of friends.

LUNCH WITH STUDENTS

Parents/guardians must have a background check on file in order to eat lunch with their child *in the cafeteria with other students*.

MEDICATION

No employee, volunteer, or any member of the Centerville-Abington School Corporation is permitted to prescribe or recommend any type of medication, drugs, or any substance of a medicinal nature for consumption by any individual while acting within the scope of his/her duties. The school will cooperate with parents and doctors concerning medications. In compliance with Public Law 34-5 an Rx label and a doctor's written statement for instructions must accompany prescription medications. Aspirin, acetaminophen or ibuprofen will be administered through the office if a written statement signed by the parent/guardian is on file and medication is supplied. One note will suffice for the entire school year unless there is a change in the dosage. Non-prescription medications must be labeled clearly with the student's name and in the original container. See the medication form included in the Building Specific section.

NONCASUAL-CONTACT COMMUNICABLE DISEASES (CONTROL OF)

The School Board seeks to provide a safe educational environment for both students and staff. It is the Board's intent to ensure that any student or member of the staff who contracts a communicable disease that is not communicated through casual contact will have his/her status in the Corporation examined by an appropriate panel of resource people and that the rights of both the affected individual and those of other staff members and students will be acknowledged and respected.

For purposes of this policy, "Noncasual-Contact communicable disease" shall include:

- A. AIDS - Acquired Immune Deficiency Syndrome;

- B. ARC - AIDS Related Complex;
- C. Persons infected with HIV (human immunodeficiency);
- D. Hepatitis B;
- E. other like diseases that may be specified by the State Board of Health.

In its effort to assist in the prevention and control of communicable diseases of any kind, the Board has established policies on Immunization, Hygienic Management, and Control of Casual-Contact Communicable Diseases. The purpose of this policy is to protect the health and safety of the students, Corporation personnel, and the community at large, from the spread of the above-mentioned diseases.

The Board seeks to keep students and staff members in school unless there is definitive evidence to warrant exclusion. When the Superintendent learns that a student or Corporation employee may be infected with a noncasual-contact communicable disease, the Superintendent shall immediately convene a review panel as specified by law.

The Superintendent shall also consult with either the infected person's physician or the Wayne County Health Department to determine if the initial evidence warrants exclusion.

If the evidence is not sufficient to justify exclusion, the person shall remain in his/her current school environment unless there exists exposure to casual-contact communicable diseases that pose a threat to the person's health or safety.

If the County Health Officer determines the evidence indicates the person should be excluded from the school environment, the person shall be temporarily excluded following due-process procedures.

The Corporation shall provide an alternative education program for any student excluded from the school setting as a consequence of the health officer's decision. Such a program shall be in accordance with this Board's policy and administrative guidelines on Home-bound Instruction.

When the Superintendent learns that a disabled student may be infected with a Noncasual-Contact communicable disease, the Case Conference will serve as the communicable disease review panel and will be convened within forty-eight (48) hours. The Case Conference will be expanded to include the physician treating the child and the Wayne County Health Officer.

The rights of any affected student, as well as those of any affected staff member, shall be protected in accordance with Federal and State laws on privacy, confidentiality, and due process. In addition, the exclusion of any staff member from the Corporation by the County Health Officer's decision will be done in accord with relevant sections of Indiana Statutes concerning sick leave.

Further, it is the Board's policy that all students and staff members should maintain normal contact with an affected student or staff member whose continued presence in the school setting has been determined by this process.

The Board directs the Superintendent to develop an educational program in accordance with Indiana Statute that will ensure proper instruction of students, professional staff, and support staff on the principal means by which Noncasual-Contact communicable diseases are transmitted, as well as how they are not transmitted, and the more effective methods for restricting and/or preventing these diseases

The Superintendent shall include in this, those educational materials which advocate prevention through abstinence.

PARENTS

Parents are invited to familiarize themselves with the contents of this book in order that they may better understand the program of the school. Attendance at Centerville-Abington Elementary and Rose Hamilton Elementary can be a wonderful experience but, at the same time, should be an exceedingly serious matter that demands a high degree of cooperation. In this manner, parents and school can achieve the common goal of giving their students the best possible guidance toward the realization of their highest capabilities. You may help the school to serve your child's best interest by:

- Making it your responsibility to know your child's teachers and counselor.
- Calling the office to report absences.
- Writing full explanations with signature for absences
- Checking backpacks daily for notes
- Reading all papers (letters) promptly
- Contacting the homeroom teacher in the event of any questions

PARENT-TEACHER CONFERENCE

Parent-teacher communication needs to be ongoing. Feel free to call your child's teacher at any time.

Parent-Teacher conferences will take place in October. Please watch for information that will be coming home with students. Teachers will be working hard to get all parents in for conferences.

PARTIES

Students may have one party a year for their birthday if the building principal gives approval. Treats will be allowed if arrangements for supplying the treats are taken care of by classroom parents or volunteers. Invitations to private parties may only be distributed at school when all classmates are invited. Teachers are allowed to celebrate the following times with a party: Halloween, Christmas, Valentines Day. *Parents who attend to help with parties must have a criminal history check done.*

PERFECT ATTENDANCE

A student is considered absent if they have not arrived to their classroom by 8:15a.m. A student who arrives to their classroom from 8:00a.m. - 8:14a.m. will be considered tardy. Tardies will not affect Perfect Attendance. However, students will earn a detention after being tardy five times in a semester.

PERSONAL PROPERTY, TOYS, ELECTRONIC EQUIPMENT, MONEY

Students are not to bring personal property to school for any reason. The following items are not permitted for security reasons: knives, guns, weapons, swords, explosives (including firecrackers), air rifles, cigarette lighters, matches, and karate weapons. Possession of any of these items may result in suspension or expulsion from school. Trading cards, personal toys, CD players, IPODS, radios, cameras, tape recorders, electronic games, paging devices, and other such electronic equipment are never to be brought to school without permission of the building principal. All of these items are expensive and the school cannot assume responsibility or liability for these items. If students are allowed to have these items on the bus, they must put them in their school bags when they exit the bus and not get them out until they return home on the bus. If items are brought out on the school campus, these items will be taken to the office for a parent to pick up.

Students are not to bring large amounts of money to school. Students paying school bills should take care of payments the first thing in the morning to avoid having to carry money all day. Trading cards and collectible comic books are expensive items that have no place at school. The school assumes no responsibility for items lost, stolen or damaged.

POSTERS

The Principal must first approve signs and posters that students wish to display. Posters displayed without authorization will be removed. A student who posts printed material without approval shall be subject to discipline.

POWERSCHOOL, MID-TERMS, AND REPORT CARDS

A computerized reporting system for students' grades will be utilized. This system is called PowerSchool. Parents need a password to be able to log onto a computer and pull up information on their student. If you have not set this up, call the office at 855-5132 and you will be able to get assistance. Mid-term reports and report cards will come home each nine weeks to give you a hard copy of your student's information. Please be sure to sign and return the bottom portion to the teacher within one week.

PROMOTION AND RETENTION

The School Board recognizes that the personal, social, physical, and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board that each student be moved forward in a continuous pattern of achievement and growth that is in harmony with his/her own development.

- A student will be promoted to the succeeding grade level when s/he has:
 - completed the course requirements at the presently assigned grade;
 - in the opinion of the professional staff, achieved the instructional objectives set for the present grade;
 - demonstrated sufficient proficiency to permit him/her to move ahead in the educational program of the next grade;
 - demonstrated the degree of social, emotional, and physical maturation necessary for a successful learning experience in the next grade.
- A student enrolled in special education shall be promoted or retained based on the opinion of the case Conference and the student's I.E.P.
- Following sound principles of child guidance, the Board discourages the skipping of grades.

Placement:

The Superintendent shall develop administrative guidelines for promotion, placement, and retention of students which:

- require the recommendation of the professional staff for any promotion, placement, or retention;
- require that parents are informed in advance of the possibility of retention of a student at a grade level;
- assure that reasonable efforts be made to remediate the student's difficulties before s/he is retained.

- assign to the principal the final responsibility for determining the promotion, placement, or retention of each student.

Retention:

It is the policy of the Board that a student shall not be retained or held back in a grade level for the sole purpose of improving the student's ability to participate in extra-curricular athletic programs.

The Board will comply with the requirements of the Indiana Department of Education regarding the consequences for students in grade three who fail to pass the Indiana Reading Evaluation and Determination Assessment (IREAD-3). Accordingly, a student who does not pass the IREAD-3 assessment either during the assessment period in the school year or during the summer assessment window, in the following school year, will continue to receive instruction in grade three reading, will officially be reported as a third grader, and will fully participate in the grade three ISTEP+ assessment.

Good cause exemptions that may be considered are:

- a student who has been previously retained two times prior to the fourth grade;
- a student with disabilities whose case conference committee has determined that promotion is appropriate;
- an English learner student whose Individual Learning Plan (ILP) Committee has determined that promotion is appropriate.

Grades K-2

The retention of a student is not an easy decision to make. Each case must be considered on its own merit and thus no hard and fast minimum achievement requirements can be established. However, basic skills should receive primary consideration in any decision to retain a student. Grades throughout the year would be an important indicator if a student were not satisfactorily developing basic skills. Other factors important in determining whether a student should be retained would be age level of the student, emotional, physical and social maturity, and potential for success at the next grade level, test scores, excessive absences, other professional records and parental input.

Criteria for consideration:

1. current level of achievement
2. potential for success at the next level
3. emotional, physical and social maturity

Time Line:

1. August-March: Teacher should inform parents of student progress.
2. March: Teacher will notify principal if an alternative grade placement is being considered.
3. April: If placement or retention is still being considered, parents should have been notified by this time and commitment to the decision secured.

End of the Year Minimum Grade Level Expectations students should meet to be considered for promotion to the next grade level:

Kindergarten:	NWEA Reading-151 RIT Score/mClass Text Level-B/STAR Early Literacy-595
First Grade:	NWEA Reading-171 RIT Score/mClass Text Level-H/STAR Literacy-1.5
Second Grade:	NWEA Reading-185 RIT Score/mClass Text Level-L/STAR Literacy-2.5

Grades 3-6

Parents will be notified if their student has failed both Language Arts and Math on ISTEP+. Any student failing both parts of ISTEP+ (Language Arts and Math) must have grades that average C- or above in language arts and math to be passed on to the next grade level.

After all factors are weighed, the final decisions on student promotion, placement, or retention rests with the building principal with the best interest of the pupil always in mind. Optimal school achievement is obtained when students experience success in their daily activities and build upon successful experiences as they encounter new learning situations. All aspects of the student must be considered as grade placements are made.

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

PPRA affords parents certain rights regarding our conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include the right to:

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law.

Centerville-Abington Community Schools has developed and adopted policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. Centerville-Abington Community Schools will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. Centerville-Abington Community Schools will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. Centerville-Abington Community Schools will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an

PUBLIC COMPLAINTS AND CONCERNS

Any person or group having a legitimate interest in the operations of this Corporation shall have the right to present a request, suggestion, complaint, or concern relating to Corporation personnel, the program, or the operations of the Corporation. At the same time, the School Board has a duty to protect its staff from unnecessary harassment. It is the intent of this policy to provide the means for judging each public complaint and concern in a fair and impartial manner and to seek a remedy where appropriate. It is the desire of the Board to rectify any misunderstandings between the public and the Corporation by direct discussions of an informal type among the interested parties. It is only when such informal meetings fail to resolve the differences, shall more formal procedures be employed.

Any requests, suggestions, complaints, or grievances reaching the Board, Board members, and the administration shall be referred to the Superintendent for consideration according to the following procedure.

Matters Regarding a Professional Staff Member

A. First Level

If it is a matter specifically directed toward a professional staff member, the matter must be addressed, initially, to the concerned staff member who shall discuss it promptly with the complainant and make every effort to provide a reasonable explanation or take appropriate action within his/her authority and Corporation administrative guidelines.

B. Second Level

If the matter cannot be satisfactorily resolved at the First Level, the complainant shall discuss it with the staff member's supervisor.

C. Third Level

If a satisfactory solution is not achieved by discussion with the supervisor, a written request for a conference shall be submitted to the Superintendent. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
3. the action, which the complainant wishes taken, and the reasons why it is felt that such action be taken. Should the matter be resolved in conference with the Superintendent, the Board may be advised of the resolution. The Board, after reviewing all material relating to the case, shall provide the complainant with its written decision.

D. Fourth Level

Should the matter still not be resolved, or if it is one beyond the Superintendent's authority and requires a Board decision or action, the complainant shall request, in writing, a hearing by the Board. The complainant shall be advised, in writing, of the Board's decision, no more than thirty (30) business

days following the hearing. The Board's decision on the matter will be final, and it will not deal with any other complaints on the same issue.

Matters Regarding an Administrative Staff Member

Since administrators are considered members of the Corporation's professional staff, the general procedure specified in "Matters Regarding a Professional Staff Member" shall be followed.

Matters Regarding the Superintendent

Should the matter be a concern regarding the Superintendent, which cannot be resolved through discussion with the Superintendent, the complainant may submit a written request for a conference to the Board. This request should include:

1. the specific nature of the complaint and a brief statement of the facts giving rise to it;
2. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;
3. the action, which the complainant wishes taken, and the reasons why it is felt that such action be taken.

The Board, after reviewing the request, may grant a hearing before the Board or a committee of the Board or refer the matter to an executive session. The complainant shall be advised, in writing, of the Board's decision within thirty (30) business days. The Board's decision will be final and not subject to appeal. The complainant is not to discuss the matter with an individual Board member, as a Board member has no authority except when the Board is in session.

A Matter Regarding a Support Staff Member

In the case of a support staff member, the complaint is to be directed, initially, toward the person's supervisor, and the matter then brought as required to higher levels in the same manner as prescribed for "Matters Regarding a Professional Staff Member". If the matter relates to policies of the school operation, it should be addressed initially to the Superintendent.

Matters Regarding Corporation Services or Operations

If the request, suggestion, complaint, or concern relates to a matter of Corporation procedure or operation, it should be addressed, initially, to the appropriate supervisor and then brought, in turn, to higher levels of authority in the manner prescribed in "Matters Regarding a Professional Staff Member".

Matters Regarding Extra Curricular Activities, Discipline, or other Misunderstandings:

When misunderstandings arise between students and teachers or extra curricular sponsor or coaches, the following grievance process is available to all students to resolve the problem:

1. When feasible, the student should meet with the teacher, sponsor, or coach to discuss the issue.
2. If the initial meeting does not resolve the situation, the parent or guardian may confer with the teacher, sponsor, or coach involved.

REMOVAL FROM CLASS OR ACTIVITY:

The School Board acknowledges that conduct is closely related to learning and that an effective instructional program requires an orderly school environment, which is, in part, reflected in the behavior of students. The Board believes that the best discipline is self-imposed and students should learn to assume responsibility for their own behavior and the consequences of their actions.

The Board shall require each student of this Corporation to adhere to the Code of Conduct promulgated by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. Such rules shall require that students:

- A. Conform to reasonable standards of socially acceptable behavior;
- B. Respect the person and property of others;
- C. Preserve the degree of order necessary to the educational program in which they are engaged;
- D. Respect the rights of others;
- E. Obey constituted authority and respond to those who hold that authority.

Data regarding disciplinary action(s) shall not be entered on a student's record except in the case of suspension and/or expulsion.

The Superintendent shall proclaim administrative guidelines for student conduct which carry out the purposes of this policy and:

- A. Are not arbitrary but bear a reasonable relationship to the need to maintain a school environment conducive to learning;
- B. Do not discriminate among students;
- C. Do not demean students;
- D. Do not violate any individual rights constitutionally guaranteed to students.

The Superintendent shall designate sanctions for the infractions of rules, which shall:

- A. Relate in kind and degree to the infraction;
- B. Help the student learn to take responsibility for his/her actions;
- C. Be directed, where possible, to reduce the effects of any harm which may have been caused by the student's misconduct.

The Superintendent shall publish to all students and their parents the rules of this Corporation regarding student conduct, the sanctions, which may be imposed for breach of those rules, and the due-process procedures that will be followed in administering the Code of Conduct. Parents, adult students, and students in grades 7 through 12 shall be provided a form which is to be returned to the school principal confirming that the Code of Conduct has

been read and is understood. Failure to sign the form shall have no effect on the utilization of the disciplinary actions contained in the Code with that student.

A student who has been disorderly on a school vehicle may be excluded from transportation services in accordance with Board policies on transportation.

The Superintendent shall appoint committees to review rules of student conduct annually and to advise on alterations and modifications.

The Superintendent shall report to the Board annually the methods of discipline used and the incidents of those types of student misconduct designated by the Board.

The building administrator shall have the authority to assign discipline to students, subject to Corporation administrative guidelines and the student's due process right to notice, hearing, and appeal.

Teachers and other employees of this Board having authority over students shall have the authority to take such means as may be necessary to control the disorderly conduct of students:

- A. in all situations and in all places where such students are within the jurisdiction of this Board;
- B. when such conduct interferes with the educational program of the schools or threatens the health and safety of others.

No student is to be detained after the close of the regular school day unless the student's parent has been contacted and informed that the student will be detained or other suitable transportation arrangements have been made.

STUDENT REMOVAL PROCESS

A student may be removed from a classroom or an activity when s/he poses a threat to a safe, orderly, and effective educational environment. When a teacher sends a student to the office, the following will be in place according to Indiana Code 20-33-8-9:

Level 2: Student will be sent to the learning lab for no more than 30 minutes

Level 3: Student has been sent to learning lab to complete work for no more than 100 minutes

If a Level 4 office visit occurs, disciplinary action will be taken and the student's parents will be called for a conference to create a behavior plan before the student re-enters the classroom.

At each level the teacher will state to the student the expected behavior and consequences.

RESIDENCY POLICY

The School Board establishes the following residency policy for determining eligibility to attend the schools of this corporation.

- A. The Board will educate tuition free, only those students who have legal settlement in the Corporation. Proof of legal settlement will be required for registration in the Corporation. Legal settlement must be based on the need for housing and not for educational purposes.
- B. Foreign students, participating in a foreign-exchange program approved by the State Board of Education and living with a resident host family, will be admitted, tuition free.
- C. Students whose parents do not have legal settlement within the Corporation but who present evidence that they will move into the Corporation within a short period of time must obtain special approval by the Superintendent in order to enroll.

RTI (RESPONSE TO INTERVENTION)

1. Centerville Schools have a written formal system that provides **Response To Instruction** procedures for students whose classroom performance is adversely affecting their academic, social, and/or behavioral progress.
2. The purpose of the system is to render a school team approach to provide the classroom teachers with the opportunity to discuss a student's academic and/or behavior difficulties and to receive suggestions or recommendations from a consultation team.
3. The system is to be implemented when academic and/or behavior difficulties meet the criteria of being either persistent and/or significant which require formal problem solving interventions. Less significant difficulties may be addressed in an informal manner at the building level.
4. The team may consist of, but will not be limited to, the student's teacher(s), school counselor, building administrator, school psychologist, special education teacher, speech therapist, school nurse, remedial reading teacher, or other school personnel. The team members may vary depending on the student's needs and educational concerns. The parent may be included as part of the RTI when appropriate.
3. Teachers, counselors, building administrator, and/or other building support staff may request the assistance of the RTI by completing a referral. A pre-referral checklist may be completed and attached to the referral by the person initiating the request to assist in defining the concerns.
4. The completed request is submitted to the building administrator or his/her designee.
5. The building administrator or designee notifies the team members of the time and place to meet. The building administrator or designee requests all documentation. (i.e. samples of classroom work, report cards, tests, anecdotal records, observations, and/or other pertinent information or reports) be made available at the meeting to assist in the planning.
6. The team develops an educational intervention plan giving time lines for attempting the interventions and designating the person(s) responsible for implementation. The RTI team may request parent consent for screening in specific areas to assist in planning interventions. Parent's Rights must be provided and consent obtained prior to screening by a speech/language pathologist or school psychologist.
8. The school may initiate a referral for an educational evaluation of the student if in the schools educational opinion the nature and severity of the disability so dictates.
9. For more information contact your building principal.

SAFETY STANDARDS

The School Board believes that the employees and students of this Corporation, as well as visitors, are entitled to function in an environment as free from hazards as can reasonably be provided. In this regard and in accordance with law, the Board will provide reasonable and adequate protection to the lives, safety, and health of its employees.

In accordance with State law, the Board will designate safe areas and comply with disaster protection guidelines. The Superintendent shall be responsible for the maintenance of standards in the facilities to prevent accidents and to minimize their consequences. S/He shall designate an employee who shall conduct periodic audits of health and safety conditions within the facilities of the Corporation in accordance with the Federal OSHA standards adopted by the State, and take appropriate action on any violations thereof to the Superintendent. Said employee shall also have the authority to organize and direct the activities of a Corporation safety committee.

The Superintendent shall ascertain that the employees and students of this Corporation are aware of their rights to a hazard-free environment, that they are properly trained in safety methods that protective devices and equipment are available to meet safety standards, and that proper guidelines and records are maintained to meet the requirements of the law.

ASBESTOS

In its efforts to comply with Asbestos Hazard Emergency Response Act (AHERA), the Board instructs the Superintendent to appoint a person to develop and implement the Corporation's Asbestos-Management Program in compliance with Federal and State laws. The Superintendent shall also ensure that, when conducting asbestos abatement projects, each contractor employed by the Corporation is licensed pursuant to the Asbestos Abatement Contractors Licensing Act.

The Board should construe nothing in this policy in any way as an assumption of liability for any death, injury, or illness that is the consequence of an accident or equipment failure or negligent or deliberate act beyond the control of the Board or its officers and employees.

PESTICIDE USE

Centerville-Abington Community School Corporation strives to provide a safe and secure environment for staff and students. Part of this commitment includes protection from pests and pesticides. Pest control practices may involve a variety of methods to maximize pest control while minimizing potential pesticide exposure to students and staff. To achieve the previously stated goals, the Corporation will use the following guidelines.

1. Pesticide applications will be done by certified professionals or staffs, who have been trained to perform certified pest control applications. (Exception: occasional use of a household-type alcohol application does not require specialized training.)
2. Provide at least two days notice of planned pesticide applications to parents and staff members who wish to receive such notice. The notice will include the date of application, general area to be applied, and a telephone number where more information may be obtained.
3. Establish a registry of parents and staff who request (in writing) advance notification of pesticide applications. Send written requests to the Office of the Superintendent of DCSC each school year.
4. Provide an annual notice of the Corporation's pest control policy at the time of student registration in the corporation newsletter, or in the student handbook.

5. Maintain records for two years after any pesticide application.
6. The Assistant to the Superintendent or his designee will be responsible for information concerning pest control.
7. In case of emergency pesticide applications due to immediate threats to the public health, the Corporation will give written notice as soon as possible.

PREPAREDNESS FOR TOXIC HAZARD AND ASBESTOS HAZARD

The School Board is concerned for the safety of the students and staff members and will attempt to comply with all Federal and State statutes and regulations to protect them from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction.

TOXIC HAZARDS

These hazards exist in chemicals and other substances used in the school setting such as in laboratories, science classrooms, kitchens, and in the cleaning of rooms and equipment.

The Superintendent shall appoint an employee to serve as the Toxic Hazard Preparedness (THP) Officer. The THP Officer will:

- A. identify potential sources of toxic hazard;
- B. ensure that all incoming materials, including portable containers, are properly labeled;
- C. maintain a current file of MSDS's for every hazardous material present on Corporation property;
- D. conduct a training program for all Corporation employees.

SCHEDULING STUDENT ACTIVITIES

A master calendar is located in the Principal's office. Clubs or organizations wishing to schedule events must check the date and obtain permission of their sponsor to do so. Long range planning is recommended. Most social dates are set in the spring for the coming year. Requests made during the regular school year should be made a minimum of two weeks prior to the event. If approved, the date, type of program, sponsoring group, and facilities requested will be entered on the school calendar. Examples of requests that must be made are dances, moneymaking projects, banquets, requests for meeting places, etc.

SCHOOL BUS RULES

A very essential part of bus safety is the pupil. The school bus driver shall be responsible for discipline on the bus. Problems of discipline should be discussed early with the principal and action planned before the problem becomes critical. Refusal to transport children or other punishment should be inflicted in cooperation with the school authorities and enforced by the school bus driver. In no case shall a school bus driver put a pupil passenger off the bus except at his/her regular station, or at the school.

EXTRA-CURRICULAR BUS RULES

When the Corporation for extra-curricular field trips, contest, performances, fan bus, etc. away from the school provides a bus or vehicle, the following will be adhered to:

1. In order to be responsible for the safety and well being of students being transported and to meet basic liability needs, they will travel by means provided to and from the event.

2. The only exception to the above would be a student going home with the parent or guardian because of an emergency or other very special reason. (Family going somewhere else after the event and it would be out of their way to return to the school to pick up their son/daughter.) In this case, there should be verbal communication between advisor and sponsor, and the parent or guardian making the request. It is understood that notes and requests from persons other than the parent or guardian are unacceptable. The advisor or sponsor has the right to grant or deny a request.
3. A list of people riding the bus to and from curricular or extra-curricular events should be available in the bus in case of an accident. A copy of this should remain at the school in the principal's office.

STUDENT SCHOOL BUS RULES

3. No students shall stand or move from place to place during the trip without the permission of the driver.
4. No eating or drinking on busses will be permitted.
5. Loud, boisterous, or profane language or indecent conduct will not be tolerated. Students are expected to follow the same behavior guidelines enforced in the school buildings.
6. Pupils are not to tease, scuffle, trip, and hold, hit, or use their hands, feet, and/or body in any objectionable manner.
7. No windows or doors will be opened or closed except by permission of the driver. Windows are not to be opened below the black line. Objects are not to be thrown, or transferred, from the bus.
8. No students will enter or leave the bus until it has come to a full stop and the door opened by the bus driver.
9. Law requires all school busses to stop, look, and listen at all railroad crossings. When the bus is stopped for such purposes, students will be quiet.
10. Students who trash their area of the bus will be held responsible and will be expected to clean and or pick up the trash.
11. Students, who vandalize busses, at any time, will be suspended.
12. A note will be required from parents for any student who wishes to exit the bus at any station other than his/her home station. A note is also required for a visiting student wishing to be let off at another student's home station.
13. No student shall have possession of tobacco products, illegal drugs, and/or paraphernalia on the bus.
14. Although school personnel share a common concern for students at all times, a student's actions before boarding, or after leaving, the school bus is the responsibility of the student, his or her parents, or legal guardians. School personnel will become involved if there is a complaint and will attempt to help resolve the problem.

If you encounter a problem on the school bus, please contact your bus driver. If the problem is not resolved, please contact your building principal. If the problem is still not resolved, please contact Mr. Mark Campbell, at 855-3475, ext. 1111.

SCHOOL VISITORS

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this Corporation or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of School Trustees, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others. All searches may be conducted with or without a student's consent. Students are provided lockers, desks and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The School reserves the right not to return items, which have been confiscated.

USE OF DOGS

The Board authorizes the use of specially trained dogs to detect the presence of drugs and devices such as bombs on school property. The dog may be allowed to examine school property such as lockers or students and items in their possession, but any search of a student's person will be based upon individualized reasonable suspicion in addition to any information resulting from the dog's examination.

The Principal shall promptly record in writing the following information for each search pursuant to this policy:

Classes or school-sponsored organizations may not solicit funds from, or sell any product to the general public without the approval of the school principal. Individual students are also prohibited from selling or trading personal items to other students at school. Only approved fund-raising activities may be conducted for school purposes.

SPECIAL EDUCATION

Centerville-Abington schools shall provide for a comprehensive, free, and appropriate public education to all eligible educationally disabled students. Centerville-Abington schools shall provide such supplemental aids and related services as may be necessary for a disabled child to receive their education in the least restrictive environment. All classes of a special nature will require that students be recommended by professional personnel and given adequate tests to prove their need for the program. Parent approval is necessary to effect placement in these programs.

SAFEGUARDS

The Superintendent of Schools shall assume the responsibility of insuring the confidentiality of any personally identifiable information at the collection, storage, disclosure, and destruction stages of records of Special Education children. This responsibility shall include the maintenance for public inspection of a current directory of the names and positions of all school personnel who may have access to education records and the training and instruction of such personnel concerning these policies and procedures. Parents of a child who has graduated or otherwise left the district, and who was formerly enrolled in a program for Special Education children, shall be informed by individual or public notice that any personally identifiable information in the education record of their child which was collected, maintained, or used for the identification, evaluation, or placement of the Special Education child shall be destroyed upon request of the parent. *ISTEP - This battery of achievement tests is a STATE mandated program for grade 3 through 6.

*NWEA - This battery of subject area tests such as reading, math and language usage is given to all students in grades K-6.

STANDARDIZED TESTING MAKE UP

A student's absence during standardized testing creates some very difficult logistic problems for make up. When a student is absent, standardized testing conditions are violated when allowing the student an opportunity to make up or complete missed test items. In general, requests for standardized testing make up will not be honored.

STUDENT ASSISTANCE PROGRAM BOARD POLICY

Section 1. Philosophy

The board believes that chemical dependency is a disease of major proportion in our society and that such disease is chronic, progressive, and treatable. The board also believes that prevention and elimination of chemical dependency and abuse is an appropriate activity for the public schools. Such activity will include chemical dependency as part of the corporation's curriculum, and the provision of in-service activities for employees, students and parents. Identification and treatment of students afflicted with chemical dependency should be a cooperative effort among various individuals and public agencies, such as the school administration, teachers, chemical dependency teams, physicians, mental health agencies and family service agencies.

Section 2. Definitions

- A. Chemical dependency means any continuing or recurring disruption in a student's school life caused by alcohol or other drug usage of a long-term and continuing nature that adversely affects the student's school performance or behavior.
- B. Chemical abuse means an illegal or improper use of any drug, prescription or non-prescription, which can be a single, temporary incident or a continuing series of incidents.

Section 3. Establishment of Student Assistance Program

The superintendent shall establish a Student Assistance Program as a practical and constructive mechanism for dealing with student's personal problems caused by chemical dependency or chemical abuse and which affect their school behavior or their academic performance. The board believes that such personal problems are not the school's responsibility or authority unless they cause the student's school behavior to become disruptive or detrimental to effective learning. In this event, the personal problems become a matter of concern to the school.

Section 4. Purpose of the Program

The general purpose of the program is to assure that any student who has a personal problem relating to chemical dependency or chemical abuse will be provided an opportunity to seek professional assistance. The board recognizes that many personal problems can be successfully dealt with and resolved provided assistance is offered at an early stage and referral is made to an appropriate type of assistance.

Section 5. Objectives of Program

Objectives of the Student Assistance Program shall include: provision for assistance to students with problems caused by chemical dependency or chemical abuse, improvement or school behavior and academic performance, development of appropriate human relationships at school and outside of school, and elimination of chemical

dependency and chemical abuse.

Section 6. Eligible Persons

The Student Assistance Program shall be available to all Centerville-Abington students.

Section 7. Adoption of Regulations

The administration shall adopt rules and regulations establishing and governing the Student Assistance Program.

PROCEDURES

Section 8. Identification of Chemical Dependency or Abuse

Any employee shall report any suspected case of chemical dependency or abuse by a student to the student's principal or designee. In the event the principal or designee determines that there is a reasonable basis to believe that the student may be afflicted with chemical dependency or engaging in chemical abuse, the Student Assistance Program Coordinator and the student's parents or guardian shall be notified by the principal or designee.

Section 9. Assistance of Chemical Dependency Team

In the event of student's parent or guardian consents or the student consents if the student is eighteen years of age or more, a chemical dependency team may be activated to assist the student. Upon such consent provided to the principal or his designee, the principal or his designee will schedule a meeting with the student, Student Assistance Program Coordinator, parent or guardian, and the chemical dependency team. At such meeting, the team will discuss with the student and parent or guardian the nature of the problem and offer suggestions on how to eliminate chemical dependency or abuse. Participation in any activity of the chemical dependency team shall be voluntary on the part of the student, parent or guardian.

Section 10. Chemical Dependency Team

The principal or his designee and the Student Assistance Program Coordinator shall be responsible for the formation of a chemical dependency team. Although the membership of the team may vary, school counselors, school nurse, school doctor, and other professional staff may be appointed. Additional persons outside the school corporation may be appointed to the team if deemed appropriate.

Section 11. Referral Procedures

A. The Student Assistance Program Coordinator shall cause referral procedures to be designed. These procedures should be designed to facilitate these types of referrals to the Student Assistance Program.

1. self-referral by the student or his/her parent or guardian;
2. school administration referrals;
3. teacher, counselor, or other employee referrals;
4. school physician or other medical referrals; and,
5. other outside designated agencies;

B. The school corporation recognizes that only professional persons have the training and qualifications to identify and diagnose personal problems within their area of professional expertise. Therefore, except for self-referrals, all referrals must be based on documented unacceptable academic performance or student misconduct that may be subject to student discipline.

Section 12. Acceptance Voluntary

- A. The decision to request or accept assistance from the Student Assistance Program will be voluntary on the part of the student. All students, whether participating in the Student Assistance Program, or not, will be expected to meet all school rules governing student conduct and academic performance.
- B. No student will have any academic or extra-curricular opportunities limited or denied solely because of referral to the Student Assistance Program or participation therein.
- C. In the event a student is lawfully expelled from school, the hearing examiner or superintendent may provide the expelled student an opportunity to be re-admitted to school, prior to the termination of the expulsion, upon the condition that the student accepts and satisfactorily participates in the Youth Intervention Program as provided by the Dunn Center in Richmond, Indiana.

Section 13. Confidentiality of Participation

- A. Self-referrals by students or their parent or guardian seeking assistance for their child will be able to be made with complete anonymity outside of any persons assisting the student in the Student Assistance Program.
- B. Any records, other than outside professionals or other outside persons, of the Student Assistance Program will be maintained in the office of the Student Assistance Program Coordinator. All such records will be accorded the high degree of confidentiality accorded to medical records and will not be disclosed to anyone other than the student or the student's parent or guardian and other school personnel permitted by law, except under a court order compelling disclosure or a written request signed by the participant if not under eighteen years of age. Release of any of the student's records shall be in accordance with state and federal law.

TARDY

Punctuality is a necessary ingredient for success in any endeavor – school is no exception. Tardiness is not only a bad habit but also establishes a disregard for accepting responsibility. ***Five or more tardies will result in after***

school detentions. Excessive tardiness will result in disciplinary action. *Parents will need to sign their child in at the front office if they are tardy.*

TEACHER REQUEST

Parents may make a teacher request for their child. This must be done in writing and turned in to the office/principal *during the month of April*, prior to the end of the school year. The written request must contain an educationally sound reason for requesting a certain teacher. The school will try to honor requests; however, there is no guarantee that it will always be possible. Requests made at a later date will not be honored.

TELEPHONE CALLS TO SCHOOL/STUDENTS

We encourage parents and guardians to call the school when a student is absent, to prearrange an absence, in case of emergency or in cases of a serious nature. We inform the student of phone calls or messages only from the parent or guardian. We want our parents to make contact with the school any time they have a question concerning their child's academic standings, welfare, over-all behavior or total status. We ask that when calling the school, parents or guardians use discretion so that the school does not become a messenger service for messages, which could be handled outside of school. Students will not be excused from class to use telephones except for emergencies. Students will not be allowed to use the office or classroom phone except in case of emergencies. We try to maintain an educational learning environment for our students and the fewer interruptions we have the greater success we have.

TITLE I PARENT INVOLVEMENT POLICY

The Title I program is a federally funded program to assist students in reading and math. Students in this program have supplemental instruction from a remedial teacher or aide for assistance. Realizing that student success depends not only on the school and the Title I program, but also on parent involvement, we will provide the following:

1. Convene an annual meeting at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A, and to explain the requirement of such and the right of the parents to be involved
2. Offer a flexible number of meetings, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement
3. Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under this part, including the planning, review, and improvement of the school parental involvement policy
4. Provide parents with:
 - Timely information about Title I programs
 - A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet
 - If requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible
5. Include a School-Parent Compact
6. Build the schools' and parents' capacity for strong parental involvement by:
 - Providing assistance to parents of children served as appropriate, in understanding such topics as the State's academic content standards and student academic achievement standards, and how to monitor a child's progress and work with educators to improve the achievement of their children
 - Providing materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, to foster parental involvement

- Coordinating and integrating parent involvement programs and activities with Head Start, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, etc., and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children
- Inform educators, with the assistance of parents, about the value and utility of contributions of parents, and about how to reach out to, communicate with, and work with parents as equal partners, to implement and coordinate parent programs, and to build ties between parents and the school
- Ensure that information related to school and parent programs, meetings, and other activities, are sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand
- Other reasonable support for parental involvement activities as parents may request

TITLE I (NCLB) REQUIREMENTS:

The School Board recognizes that the use of tobacco presents a health hazard which can have serious consequences both for the user and the nonuser and is, therefore, of concern to the Board. Centerville-Abington Community Schools is a tobacco-free environment.

For purposes of this policy, "use of tobacco" shall mean all uses of tobacco, including a cigar, cigarette, pipe, snuff, or any other matter or substance that contains tobacco, as well as electronic, "vapor," or other substitute forms of cigarettes.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, and because the Board cannot, even by indirection, condone the use of tobacco, the Board prohibits the use of tobacco by visitors in school buildings at all times. Such prohibition also applies on school grounds, on school buses, and/or at any school-related event.

Tobacco may be used at noncorporation special events held during nonschool hours with no students present and with the permission of the Superintendent. The special-events supervisor shall submit a written request and justification to permit smoking at the event. The Superintendent may deny permission.

Please keep the flow of traffic going and park your car in designated areas if it is going to take longer than normal. Do not leave your car running if you get out. Do not park in areas that Safety Patrol students are helping students cross.
- **During afternoon dismissal, follow the same procedures. Do not stop and block traffic. This procedure is necessary for the protection of everyone!! Your help will be expected.**

TRAFFIC SAFETY: ROSE HAMILTON ELEMENTARY

Please pull ahead as far as possible and have your child ready to get out of the car or into the car at the end of the day. It is best if your child will exit or enter the right side of the car to avoid any traffic. When picking up after school, please keep the line moving, but do not pull out of the line.

If you want to park and walk your child to the building in the morning or walk and pick up your child after school please park in the parking lot and walk with your child and cross at the designated crosswalk area.

TRANSCRIPTS

Permanent records are maintained in the school office. The privacy act gives you and your parents certainly the right to review these records.

Transcripts may be obtained if:

1. A transcript release is signed by the parent of the student not eighteen years old.
2. Parents request the records in writing and ask for a copy of the permanent record.

Note: Please refer to "School Records" in this handbook for more information.

Non-custodial Access

The Family Educational Rights and Privacy Act (FERPA) regulations (34CFR Part 99.4) require school corporations to give "full rights under the Act to either parent, unless the school corporation has been provided with evidence that there is a court order, State statute, or legally binding document relating to such matters as divorce, separation, or custody that specifically revokes these rights."

Additionally, a new Indiana law (I.C. 20-10.1-22.4-2) requires a public school to allow a custodial parent and non-custodial parent the same access to their child's educational records, unless a court has issued an order that limits the non-custodial parent's access to the child's educational records and the school has received a copy of the court order or has actual knowledge of the court order.

TRUANCY

In the event a student is truant from school, make up work will not be provided.

TRUANCY and HABITUAL TRUANCY

Truancy is defined as being willfully absent from school without knowledge or consent of the parent or school, or absent from school where there is an attempt to evade the School Attendance Law. A student who is truant will receive unexcused absences for each absence. Absence from school under any of the following conditions is considered truancy.

1. Absence without the consent or knowledge of the parents or guardian.
2. Leaving school for a portion of a school period or more without the proper permission through the school office.
3. Absence from a class or part of a class without proper permission.
4. Absence not approved by the school with or without the consent or knowledge of parents or guardian.

A student will receive in-school suspension for the first one day of truancy. Upon the second one-day truancy, the student's attendance irregularities will be reported to the Wayne County Child Protection Agency for investigation. Also, the student between the ages of 13-15 will be designated as a "habitual Truant" and will not be issued a driver's license until attendance problems are corrected or the person reaches the age of 18. These truancy rules and regulations apply to the entire school year. Students who are labeled habitual truants will be reported to the Department of Child Services who will deal with the parent/guardian of habitual truants.

Under I.C. 20-33-2-25, the "Superintendent or an attendance officer having jurisdiction **shall** report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court **or the department of child services**. The intake officer or the department of child services shall proceed in accordance with IC 31-30- through IC 31-40."

VIDEO TAPING ON SCHOOL PREMISES

The Board is aware of the increasing desire of many parents and other members of an audience to use "camcorders" and other audio/visual devices at school events. The Board authorized the use of such devices providing their use does not interfere with the conduct of the particular activity, impinge on the enjoyment of the event by other members of the audience, or violate copyright or contract provisions related to a performance. The Superintendent shall establish rules and procedures governing the use of non-corporation audio/visual devices and equipment at any Corporation sponsored event or activity, particularly athletic events, dramatic presentations, and graduation ceremonies.

Such rules are to be posted or distributed in such a manner that best ensures cooperation and compliance in obtaining recordings that do not delay or disrupt the activity. Any person or organization that wishes to film students or school activities, which are not public events, must receive prior permission from the Superintendent.

VISION TESTS

Indiana State law requires vision-screening tests on all students in grades 1, 3, and 8. Indiana Code 20-8. 1-7-16 requires an annual vision test, using the modified clinical technique, of all children upon their enrollment in kindergarten or first grade and an annual screening test of the visual acuity of all children enrolled in or transferred to the third and eighth grade other students suspected of having a visual defect.

VISITATIONS

CLASSROOM VISITATIONS

Parents are encouraged to visit and observe classroom activities. However, visitation in a classroom must be set up in advance with the classroom teacher, and visiting parents must enter the CAE office and sign in before going into the classroom.

SCHOOL VISITORS

The Superintendent or principal has the authority to prohibit the entry of any person to a school of this Corporation or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the school. If such an individual refuses to leave the school grounds or creates a disturbance, the principal is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

The website, established by the Centerville-Abington Community Schools, Centerville Senior High School, Centerville Junior High School, Centerville-Abington Elementary School and Rose Hamilton Elementary School, is considered a non-public forum.
