

MobyMax

Dear Parents/Guardians,

We are excited to implement a new web-based curriculum called MobyMax in our classroom. MobyMax is tailored to your child's individual needs. Research has shown students increase one full grade level with just 20 hours of work on MobyMax. Twenty hours is only 30 minutes, once a week, over the course of a school year. Your child can access Moby from your home computer at any time.

Moby's features include:

- Placement tests that accurately identify where your child excels and where his or her "missing skills" are
- Targeted instruction to "fill in" those missing skills
- Systematic review sessions that ensure that your child retains 100% of what he or she has learned

Login steps:

- Please go to www.mobymax.com/signin
- Enter school code: in277
- Enter username (student's school email)
- Enter password

Once logged in, your child will immediately start the lessons and begin improving his or her missing skills.

You can sign in as a parent as well by selecting "As a Parent" and entering your child's username and password. You will be able to monitor your child's progress and even send messages to his or her teacher.
